Leticia:

Thank you for all your help in preparing agenda items for our ongoing irrigation upgrade & expansion project.

We are now at the point where we need the court to approve the parts, components, and materials needed to complete the project.

Attached is a quote from an approved vendor that we have done business with in the past. There will not be three quotes on these items because this vendor is the authorized dealer of Toro. These are specialized or specific products for our system only available through this vendor.

We would appreciate your assistance in helping us create an item for the court to continue our project with Stahlman England.

Example for agenda item:

Discussion and possible action to approve the purchase of parts, components, and materials, for the upgrade and expansion of the irrigation system project from professional turf products not to exceed the amount of \$10000
