Subject: Capital Outlay

Good afternoon Joe,

Please see the attach case number on what I have been waiting to get a quote for a Horizontal Split Case Single Stage Pump. This will not be the exact pump for what the Water Plant has now at the moment. Vendor is **USA Bluebook** and the representative's name I spoke is **Michelle Case Number: PU1789**

Thank You.

Subject: RE: Capital Outlay

Joe,

One of this quotes is cheaper than US Bluebook. We do have an account with Grainger.

Thank You.

Place of Origin:	Beijing China (Mainland)	Brand Name:	TOPSKY	Model Number:	JQL-10/6000
Rated speed of spindle:	≥6000 r/min	rated pressure:	≤0.7 Mpa	Power:	air
Max. bar length:	430mm	Max. cutting Depth:	400mm		

Packaging & Delivery

Packaging Detail: protective box
Delivery Detail: 10days

Specifications

High torque output 6000 r/min
Diamond chain
Deep plunge cuts
No gas or engine fumes to deal with

Applications:

Cut with ease, speed and portability through Reinforced Concrete, Brick, Block, Concrete Pipe and Natural Stone. The powerful JQL-10/6000 pneumatic chain saw is designed to cut through walls, floors and columns in a single pass.

The unique versatility of a concrete cutting chain saw includes the ability to cut small mechanical openings, deep plunge cuts (up to 40cm deep), perfect corners and an endless variety of irregular shapes that are simply not possible with circular saws.

While other folks are cutting with ordinary saws, you can be cutting faster, cheaper and more reliably with the JQL-10/6000 pneumatic chain saw.

- Totally interchangeable with Gorman Rupp's T series pumps
- Self priming up to 25'
- Models available with 3" solids handling capability

Item: 73171
Weight: 1000.0 lbs
CALL FOR PRICING & TO ORDER

Gusher self-priming centrifugal pumps are ideal for industrial and sewage applications—everything from small subdivisions to large waste collection systems. They are completely interchangeable with Gorman Rupp's T series pumps—install new, or rebuild your existing pumps using the replacement rotating assembly.

The pumps' large-volute design allows them to re-prime automatically without suction or discharge check valves. Self priming is achieved with the pump casing only partially filled with liquid and with a completely dry suction line. Maintenance is easy with complete access to the pumps' rotating assembly.

USABlueBook carries a wide selection of Gusher pumps, including different sizes and impellers, and speed variations. All pumps come pre-assembled and ready to install. To order, you must supply your desired flow rate or rpms. Our technical support representatives will make sure you receive the correct pump pulley for your application.

Includes: motor and base. Bareshaft models are available as special order; contact USABlueBook for more details.

CASE PU1786
 Windler, David B [HDS] [dwindler@usabluebook.com]
 Sent: Friday, May 02, 2014 11:57 AM
 To: Javier J. Garcia
 Javier

We do not handle the Aurora pump line. Aurora has a very tightly controlled system of regional reps and distributors and they don't permit them to cross territorial lines.
 They definitely won't deal with a nationwide distributor like us.
 Sorry we could not help you with this application.

Thank you

Dave Windler

April 11, 2014

Holt Power Systems is pleased to offer you a Scheduled Maintenance program for your emergency generator(s) at your location. Holt follows NFPA 110 and manufacturer's recommendations in maintaining stand-by generators. As stated and recommended, PM Level 1 services should be performed on a quarterly basis, PM Level 2 services should be performed on an annual basis and PM Level 3 services should be performed once every three years. In addition, it is recommended that a minimum two (2) hour Load Bank Test be performed in conjunction with the annual services, when the load on the generator is less than 30% of the name plate rating on the generator. Please reference the attached "Detailed Description of Service Levels" to provide you with an accurate definition of the service levels mentioned herein.

Maintenance pricing for your generator(s) is as follows:

HOLT ID	MANF.	KW	QUARTERLY INSPECTION		ANNUAL SERVICE PM2 PRICE EACH	TRIENNIAL SERVICE PM3 PRICE EACH	LOAD BANK TESTING ANNUAL PRICE EACH	AUTOMATIC TRANSFER SWITCH PM PRICE EACH	FUEL SAMPLE ANNUAL PRICE EACH	YEARLY TOTALS
			PM1 PRICE EACH	QTY.						
ZBA00179	AA	1400	\$ 375.00	3	\$ 1,125.00	\$ 8,500.00	\$ 1,500.00	\$ -	\$ -	\$11,125.00
ZBA00180	AA	1400	\$ 375.00	3	\$ 1,125.00	\$ 8,500.00	\$ 1,500.00	\$ -	\$ -	\$11,125.00
ZBA00189	AA	1400	\$ 375.00	3	\$ 1,125.00	\$ 8,500.00	\$ 1,500.00	\$ -	\$ -	\$11,125.00

For a total Agreement price of: **\$33,375.00**
 To be billed as services rendered

NOTE:

- *The Tri-Annual service (PM3) is performed once every three years in place of the Annual service (PM2).
- *All listed pricing includes normal hour labor rates, travel & applicable parts. Additional charges will apply for after-hours service.
- *Prices are subject to change without signed Customer Support Agreement.

CURRENT GENERATOR SERVICE LABOR RATES ARE AS FOLLOWS:

Normal Hour Labor (Monday through Friday, 8:00 A.M. to 5:00 P.M.) \$110.00/Hour
 Overtime Labor \$165.00/Hour
 Holiday Labor \$220.00/Hour

A trip fee per day will apply for work performed outside of this agreement dependent on location.
 The above labor rates are subject to change without notice

This agreement is valid from April 1, 2014 to March 31, 2015 and can be cancelled with a 30-day written notice by either party.
 By signing below, Holt CAT agrees to provide the above-mentioned services at the stated prices for the length of this agreement and gives authorization for the commencement of stated services.

TERMS:

This quotation represents a fixed rate price for travel, labor and materials described in this estimate. All work includes CAT Switchgear standard after-market warranty terms and conditions. Applicable taxes, duties and freight are not included and will be added at time of invoice unless otherwise stated. Returned parts are subject to a re-stocking fee. Any additional labor or material required but not included as a result of change in scope will be invoiced as accrued. Canceled orders will be invoiced to include any material return fees, non-refundable travel, and submittal labor if applicable.

GENERAL NOTES AND CLARIFICATIONS:

This proposal is provided to Webb County for requested replacement of existing obsolete Beckhoff touch screen processor with a new 12" Magelis touch screen at the Webb County facility in Laredo TX. The addition of the 12" Magelis touch screen will require door replacement in Section 1, Cells B and C.

DEFINITION OF SERVICES:

- In house
1. Project Management - Communication, planning, logistics.
 2. Engineering - Design, drawing markups.
 3. Graphics - Design.
 4. Logistics - Materials, tools, shipping preparation.

5. CAD - Update drawings with current changes.

On Site

- 1. Replacement of obsolete Beckhoff touch screen processor with new 12" Magelis touchscreen and new cabinet door.**
- 2. System Testing**

Travel and Lodging

- 1. Mileage, Lodging, Travel Labor, etc.**

CAT SWITCHGEAR ROLES/RESPONSIBILITIES:

- 1. One (1) trip for one (1) field engineer on site for one (1) day plus travel and expenses to replace the obsolete Beckhoff touch screen processor with a new 12" Magelis touch screen and new cabinet door.**
- 2. Proposal assumes that work will be performed Monday - Friday during normal business hours, if weekend or after hours work is required please contact the factory for updated pricing. If additional time on site is required for reasons outside CAT Switchgear's control those days will be billed per CAT Switchgear's published rates plus expenses.**
- 3. This proposal is based on the scheduling of a local engineer. If the site's schedule conflicts with the schedule of the engineer, resulting in the necessary use of an alternate engineer, a new quote reflecting additional travel charges must be submitted and approved prior to work being performed.**

Good morning Joe,

I have called Mr. **Scott Boddicker** from **Holt CAT** in regards if we go with a different Company for the PM3 and Transfer Switch he did say that for the PM any available Warranties left will be Voided for all 3 Generators. For the Transfer Switch he said that a different Company will probably buy it from them as well.

Thank You.
