Re: Request for Assistance for new copier

Dr. Moreno;

I am requesting the assistance of your office to secure a new copier for our office. Attached hereto is a copy of a letter received from Toshiba Business Solutions indicating that our current copier, which we have had since 2008, is now considered obsolete. They cancelled the maintenance contract effective May 1, 2014. As luck would have it, and as is normally the case, as soon as the maintenance agreement cancelled, we began having major problems with the copier and it has now ceased working.

Attached hereto you will also find a proposal for a new Toshiba copier for your consideration. The proposal contains the cost to purchase as well as the cost to lease. Please feel free to acquire additional proposals/quotes if you have to. However, we are requesting that we be provided with a copier as soon as possible in order to continue operating this office in an efficient manner. Additionally, I would like direction from your office regarding the removal of the old copier.
