Cyndi,

Please see attached. John mentioned that this will be an item on the Agenda for approval. He also mentioned if you could call purchasing to see what account this will be coming out of? It'll be 603 or 604. We'll be going with the quote from Intercom even though the quote is higher in price since we know the work they do and they have an understanding of how the wiring is done for Webb County.

Allegheny Shredders
THE SHREDDING INDUSTRY ICON SINCE 1967

March 10, 2014

Ms. Imelda Diaz
Webb County Records Management
7209 E. Saunders, Highway 59
Box 12, Suite 8
Laredo, TX 78041

Dear Ms. Diaz,

Per our conversation, I'm pleased to submit the following proposal for your consideration. I've outlined pricing for two options.

Option 1: New 18-250C

As we discussed, I've shown a trade-in value for your existing 18-250C Shredder toward a new 18-250C 15 Hp. Shredder.

Option 2: Cross-Shredding System

Another option is to position a new 18-250C Shredder in front of your existing shredder, at a 90° angle. The shredded material would discharge from the new shredder, and feed into the existing shredder. This would give you a Cross-Shredding System. When utilizing a Cross-Shredding System, there are two significant advantages: a greater volume of material can be shredded, and it increases the level of security because of the much smaller shred size. The primary shredder's shred width would be 1", and the secondary shredder's shred width would be ½". The result would be a final shred width of approximately 1" x ½", as opposed to your current ½" strip cut.

Warranty: Please see Warranty Certificate.

A 50% deposit is required with your order; an additional 40% payment is due two weeks prior to shipping, with the remaining balance of 10% due within 15 days. Please note: Taxes have not been included in this quotation.

This quote is subject to review after 30 days.

If you have any questions or would like to explore other options, please give me a call at (800) 245-2497. We look forward to working with you and to serving your document destruction needs for many years to come.

Sincerely,

Evelyn A. Jefferson

Hello Rafa,

Attached you will find the information that shows communication with the third vendor for Court House project. They came in and walked inside the building. They wanted to come back for another walk thru, with another person in charge but they never came back. They never send us the quote.

Let me know if any questions. Thanks!

Hello Rene,

Attached you will find the layout for each floor at Court House Building. Since I was not able to get the original blueprints requested, I used the evacuation routes. I hope this works for you.

Let me know if you have any questions.
