For large enterprises that demand performance, quality, and green values, Lenovo introduces the ThinkVision LT2252p. The LT2252p offers multiple input options for hardware compatibility - VGA, DVI-D and DisplayPort. A color gamut of 72%, higher resolution and contrast ratio gives you the best screen space and clarity needed to be productive. The monitor complements the speed of your ThinkCentre with lightning fast 5 milliseconds response times. Collaboration is more effective with lift, tilt, pivot and swivel features. With no compromise on quality, the LT2252p offers remarkable savings with certifications for green energy.

DisplayPort is a new digital display interface standard put forth by the Video Electronics Standards Association (VESA). It defines a digital audio/video interconnect intended to be used between computer and display monitors, or computers and home theater systems. Similar to HDMI, in that it supports both Digital Video/Audio signals, DisplayPort is geared more toward the computer market, where HDMI dominates the Home Theater market. Tripp Lite's DisplayPort cables support a maximum bandwidth of 10.8Gbps, as well as DPCP (DisplayPort Content Protection), HDCP, and resolutions up to 1080p. Available in 6ft, 10ft, and 15ft lengths.

Proposal for Data Extract and Conversion Support

May 14, 2011

To: Gabriela H. Tamez
Webb County, TX

Re: Assistance and Documentation for exporting existing Child Support Data

We propose to assist the District Clerk's office by providing a custom extract of their data for conversion to the State-wide system. We will provide the following services:

- (1) A Data Entity Diagram of the current data structure
- (2) A data field definition for each data file (and table) in the system
- (3) Create an extract program for each data file (and table) in the system
- (4) Create a separate, secure MENU of all the extract programs
- (5) Provide an assisted walk-thru of the MENU steps (full extract) and/or run them for you
- (6) Provide telephone (and online) support for each of the times that you (or we) run the extracts
- (7) Provide Q&A Technical support for the State's conversion analysts

The end result will be a sub-directory of ".csv" files – 1 for each data file (or table) in the existing system.

We don't expect a lot of Q&A because of the documentation being provided; but the total cost will NOT exceed \$2,625 regardless of any difficulties or the amount of support and Q&A needed. This assistance on your behalf will facilitate a smooth transition to the State.

Also, we are willing to extend the annual support contract for as long as needed at ½ price (or \$450/yr) for PAPCON plus the regular annual price (\$135/yr) for GOTO/MyPC. This will allow the District Clerk's office to continue to use the current system for inquiry and validation purposes. The annual renewal is billed in October to accommodate your fiscal year.

Please let me know if you have any questions. I hate to see a good customer move on; but, we recognize the potential value of integrating Child Support into the State system as long as all of the features and flexibility that are required for this specialized local function are maintained.

Please call me if you have any questions. This quote is good for 60 days.

Regards,

Mike Pappafotis, President

PAPCON

2070 Hwy 100
Kentucky, KY 40141
770-424-0598

Proposal for upgrade to MS/Windows version of cm/TRACER
Webb County District Clerk
05/20/2013

3-User ZMIN upgrade license (for Zortec database)		\$ 1,350
Install, test, certify new system on Server and workstations (with help from Webb technicians)		\$ 500
Re-compile, modify and test all programs		\$ 800
TOTAL UPGRADE		\$ 2,650
** Pricing is guaranteed for 90 days.		
All work can be done remotely to avoid travel expenses		

Note that all the costs are related to the conversion to Z/Windows - not the product (cm/TRACER). We are not charging you for any product update because that is already bundled into your annual maintenance contract (You now pay \$900/yr for a multi-user DOS version). This upgrade will bring the Child Support Collections software onto a 32-bit Windows platform, removing any restrictions we have had in the past with the old DOS platform. Also, changing printers and equipment will be much easier and more flexible.

Please give me a call if you have any questions. Thanks for your continuing confidence.

Sincerely,

Mike Pappafotis

HP LaserJet Enterprise M551n - printer - color - laser

Hewlett Packard

Category: Laser printers

Product Pricing: \$589.00

Overview

Product Id: 24750612

Description: HP LaserJet Enterprise M551n - Printer - color - laser - A4/Legal - 1200 dpi - up to 33 ppm (mono) / up to 33 ppm (color) - capacity: 600 sheets - USB, Gigabit LAN, USB host

Mfr Part #: CF081A#BGJ

MSRP: \$721.52

Professional color, intuitive manageability, and world-class extensibility - all for an outstanding value. Help your business prints make more of an impact - produce high-quality color marketing materials and more.

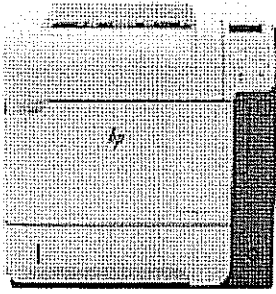

Key Points

- Make your business look its best with high-performance color-without paying extra for black-only printing
- Invest in a printer that's as easy to use as it is to manage
- Consistently update and manage printing capabilities with HP FutureSmart Firmware
- Reduce energy use by 19 to 66% by setting the Auto-On/Auto-Off mode

Product Features

- **Make your business look its best with affordable high-performance color - includes full-capacity cartridges**
Create realistic color and crisp details that you can depend on, using HP EasyColor technology. Achieve low-cost, high-quality printing right out of the box. Print black text affordably - without paying extra for black-only printing.
- **Invest in a printer that's as easy to use as it is to manage**
Manage jobs directly from the printer with a four-line color display, and easily print from a flash drive. Make printing as mobile as you are with HP ePrint. Secure jobs via user authentication, and protect data with an HP high-performance secure hard disk. Easily control color usage with HP color access control, plus proactively manage printing environments.
- **Consistently update and manage printing capabilities with HP FutureSmart firmware**
Easily update, manage and expand the capabilities of networked printers, and do more with your investment. Add capabilities to your HP LaserJet when you take advantage of HP Solutions Business Partner program. Increase productivity - get up to 1100-sheet paper capacity for large printing jobs.
- **Reduce energy use by 19% to 66% by setting the Auto-On/Auto-Off mode**
Reduce energy with HP Auto-On/Auto-Off technology. Also save with Instant-on technology. Conserve resources and save paper, using automatic two-sided printing - get up to 50% paper-savings.

HP LaserJet Enterprise M601n - printer - monochrome - laser

Hewlett Packard

Category: Laser printers

Product Pricing: \$702.00

Overview

Product Id: 24769929

Description: HP LaserJet Enterprise 600 M601n - Printer - monochrome - laser - A4/Legal - 1200 x 1200 dpi - up to 45 ppm - capacity: 600 sheets - USB, Gigabit LAN

Mfr Part #: CE989A#BGJ

MSRP: \$893.17

Designed to support medium to large workgroups with high-volume print needs, the HP LaserJet Enterprise 600 M600 printer series delivers advances in productivity, manageability and security without compromising quality. The HP LaserJet Enterprise 600 M600 printer series is ENERGY STAR qualified and comes equipped with auto-on/auto-off technology - which turns the printer on when it's needed and off when it's not - and reduced sound emissions for a more tranquil work environment.

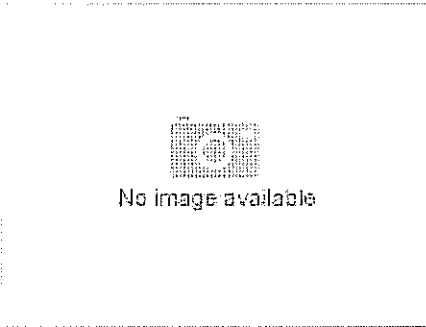

Key Points

- Keep your workflow moving with fast output and precision paper handling
- Achieve outstanding energy and paper savings
- Create a more secure printing environment
- Extend your print capabilities to keep pace with your growing business

Product Features

- **Keep your workflow moving with fast output and precision paper handling**
Boost productivity with print speeds up to 45 ppm. Print from Sleep mode quickly, thanks to Instant-on Technology. Produce documents on a variety of media, including letterhead, envelopes, labels, cardstock, and transparencies. Print at rapid speeds on a variety of paper types. Oversee print jobs, check printer status, and monitor security settings directly from the printer, using the 4-line color control panel. Bypass the PC and print quickly—simply plug a flash drive directly in to the front-facing USB port. Manage workflow with intuitive features right on the printer, and get quick prints from a flash drive. Meet high-volume printing demands. The built-in, 500-sheet-capacity tray holds an entire ream of paper, which means less paper lying around and less reloading. A 100-sheet multipurpose tray adds versatility. Increase capacity to up to 3600 sheets. Produce high print volumes with low maintenance. One-door access makes it easy to replace Original HP LaserJet all-in-one cartridges. And the updated product design delivers clean, quiet performance for distraction-free printing. Replace toner cartridges easily, and enjoy quiet, clean performance.
- **Cut energy use as much as 45%, compared to a majority of competing laser printers**

Importance: High

Good morning Elisa,

I am responding to a request I had from our bid department to respond to your recent RFQ.

Can you please supply me with the specifications for the equipment you are looking for so I can prepare a response for you?

Thank you very much for your time and consideration.

I look forward to working with you on this project.

Best regards,
