Hi Gil,

As per our conversation today, here is your new quote.

30 Supersacks of Red Rubber Mulch Delivered to Laredo, TX: **\$14,880 total - no other charges**
(\$496 per supersack delivered)

Mark B

Hi Gil,

For 4 supersacks of Red Rubber Mulch Delivered to Laredo, TX the total cost is **\$2,556**. This is pricing for a truck without a liftgate - you would need a forklift to offload. If you would like a truck with a liftgate, the total cost is \$2,756. The driver would then offload the pallets and set them on the ground.

Please let me know if you have any questions. Thank you.

27 August 2014

Gil:

Thank you for the opportunity to bid on the 30 Tons of rubber mulch. Unfortunately we are not able to meet or beat the quote you have from Mulchdirect.com.

As a result, we will not be bidding on this project.

Again thank you for the opportunity

Steve
