I. PURPOSE

The City of Laredo is responsible for protecting the drinking water supply from contamination or pollution, which could result from improper plumbing practices. The purpose of this service agreement is to notify each customer of the plumbing restrictions which are in place to provide the protection, and to notify the customer of other restrictions and of utility customer's responsibilities. The City enforces these restrictions to ensure the public health and welfare. Each customer must sign this agreement before the City will begin service. In addition, when service to an existing connection has been suspended or terminated, the City will not reestablish service unless it has a signed copy of this agreement.

II. PLUMBING RESTRICTIONS

The following undesirable plumbing practices are prohibited by State regulations:

- No direct connection between public drinking water supply and potential source of contamination is permitted. Potential sources of contamination shall be isolated from the public drinking water system by an appropriate backflow prevention device.
- No cross-connection between the drinking water supply and a private water system is permitted. These potential threats to the public drinking water supply shall be eliminated at the service connection by the installation of an air-gap or a reduced pressure-zone backflow prevention device.
- No connection which allows water to be returned to the public drinking water supply is permitted.
- No pipe or pipe fitting which contains more than 8.0 percent lead may be used for the installation or repair of plumbing at any connection which provides water for human use.
- No solder or flux which contains more than 0.2% lead can be used for the installation or repair of plumbing at any connection which provides water for human use.

III. SERVICE AGREEMENT

The following are the terms of the service agreement between the CITY OF LAREDO (City) and above CUSTOMER.

- The City will maintain a copy of this agreement as long as the Customer and/or the premises is connected to the City of Laredo Utilities System or receives garbage services from the City.
- The Customer shall allow his property to be inspected for possible cross-connections and other undesirable plumbing practices. These restrictions shall be conducted by the City or its designated agent prior to the initiating service and periodically thereafter. The Customer shall allow his meter(s) to be read and serviced by the City. The inspections and readings shall be conducted during the City's normal business hours.
- The City shall notify the Customer in writing of a cross-connection or other undesirable plumbing practice which has been identified during the initial inspection or periodic re-inspection.
- The Customer shall immediately correct any undesirable plumbing practice on his premises.
- The Customer shall, at his expense, properly install, test and maintain any backflow prevention device required by the City and/or the State.
- The Customer agrees to pay for all water, sewer, garbage and any other utility services supplied to or for the premises by the City, at the rate(s) now fixed or hereafter fixed by the City as bills are rendered. Water and/or sewer service charges shall be measured by the meter and billed accordingly until notice is given by the Customer to the City at its office in writing or by electronic facsimile to discontinue service.
- The Customer agrees to keep the meter(s) clean from dirt and debris; to make meter(s) accessible for reading and maintenance at all times and to restrain dogs and any other animals which might interfere with reading the meter.
- The Customer agrees to observe all water conservation measures of the City and the State.
 - The Customer agrees to utilize the City garbage services and landfill or provide a current contract with a licensed, approved private sanitation company; to observe all rules and regulations in regards to pollution and littering; and to participate in the recycling program.
- Customers who qualify for tax exemption must furnish a copy of their certificate.
- The Customer hereby expressly agrees to and is made subject to the terms of this application, all and singularly, the ordinances, terms provisions of the City of Laredo and the State of Texas.
- Customer will ensure all units are connected to water and sewer lines within 60 days of the date of this agreement. Failure to comply will cause City to remove meter(s) and terminate account(s).

IV. ENFORCEMENT

If the Customer fails to comply with this Service Agreement, or fails to pay for services in a timely manner, the City, at its option, will either terminate service or correct any deficiencies. Any expenses associated with the endorsement of this agreement shall be billed to the Customer. Title to the water meter and connection furnished by the City remain with the City and shall not be moved or removed by the Customer.

V. CONFIDENTIALITY

I REQUEST THAT MY UTILITY RECORDS BE HELD CONFIDENTIAL.

AFFIDAVIT OF

SUBJECT PROPERTY: an unplatted 0.4496 acre tract of land, more or less, known as the West 1/2 of Lot 11, Block 3, Pubelo Nuevo Subdivision, as further described in Vol. 2201, Pgs. 135-137, W.C.D.R.

Before me, the undersigned Notary Public, on this day personally appeared Jesus Robles and Geneva Robles and under oath deposed and said as follows:

"Our names are Jesus Robles and Geneva Robles we are of sound mind, over the age of twenty-one years, and legally competent to make this affidavit. I have personal knowledge of the facts stated herein and state that such facts are true and correct."

"We own the above-referenced subject property containing the following structures as further depicted on the attached sketch as Exhibit A:

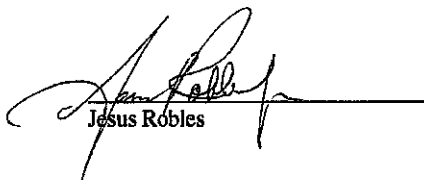

- Dwelling(s) consisting of: a Mobile Home
- Non-residential structure(s) consisting of: N/A

"We hereby acknowledge that in relation to the connection of water and sewer services to this property and the structures identified herein, we have been advised that:

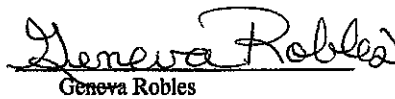

1. We understand and agree that the connection of water and sewer services to this property is conditioned upon this property's compliance with state law, the model rules, any condition imposed by the grant funding agency, provisions of the Inter-local Agreement between the City of Laredo and Webb County executed on May 2, 1995 and recorded in Ordinance No. 95-O-083, and any orders of the Webb County Commissioners Court or resolutions of the City of Laredo relating to the extension of water and sewer services to this property.
2. We understand and agree that in compliance with state law and local regulations, this property and all applicable structures must be continually connected to adequate wastewater disposal through the installed organized sewer system serving this property.
3. We understand and agree that we cannot build any additional structures on this property nor may any non-residential structures be converted to residential uses unless we obtain a development permit or a building permit from the local government (county or city) with jurisdiction over the property and subject to the restrictions or limitations imposed by herein.
4. We understand and agree that we may not construct or place any additional dwellings on the property until we prepare a plat or replat of the property and receive final plat approval from the local government (county or city) with applicable jurisdiction over the property in compliance with state law, the model subdivision rules and any rules or regulations of the local government with jurisdiction over the property and subject to the limitations imposed by paragraph six (6) below.
5. We understand and agree that we may not subdivide through sale or lease any portion of this property until we secure an approved plat or replat of the property in accordance with the provisions of paragraph four (4) above or limitations imposed by paragraph six (6) below.
6. We understand and agree that no promises or assurances have been made to us by the City of Laredo or Webb County that there is now or will be in the future enough capacity in the water or wastewater systems that would allow me to further subdivide my property as described by paragraphs four (4) and five (5) above. As such, we have been further advised that without sufficient capacity in the system, we will not be able to secure plat approval from the local government (county or city) with applicable jurisdiction over the property."

"We are making this affidavit of our own free will and without duress and understand that these conditions are necessary for securing water and sewer utilities to my property and structures under the stipulations contained herein."

"We understand that we are making this statement and submitting this affidavit as a government record and that it is being relied upon by government agencies for the purpose of confirming that the law allows for the use and connection of the property as we have described above. We understand that making false statements in this affidavit is a crime."
