Sounds like a good approach to me ...

Subject: Fire extinguishers

We have an estimated cost of \$5,000 for fire extinguisher work to be done for many of the buildings in Webb County. These buildings were identified by Building Maintenance as in need for fire extinguisher inspection and in some cases replacement of fire extinguishers. The department does not have the funds to pay for the service. The 2 buildings with the greatest need are the Justice Center with an expense of \$1,703.94 and the Administration Building with an expense of \$1,812.20.

Do you recommend we provide an agenda item for funding from the 604 account. We will ask Building Maintenance to provide the justification forms.
