Govea, Laura	Engineering Dept
Mares, Cynthia	Administrative Services
Medford, Leroy	Commissioners Court
Nunez, Felix	Fire Dept
Rangel, Ricardo	Fire Dept
Talbot, Adriana	Administrative Services

EXECUTIVE SAFETY COMMITTEE

In an effort to promote safety throughout all levels of Webb County, the Court of Commissioners supports the formation of a County-wide Executive Safety Committee.

The purpose of the Executive Safety Committee will be:

- To create and maintain an active interest in safety issues.
- Serve as an effective means for the communication of safety issues.
- Review accident data, records, and reports on safety issues.
- Discuss and review safety issues. Develop recommendations that may address these safety issues in an advisory capacity.
- Provide input for the further improvement of the safety program.
- Provide feedback from County departments on safety training issues and review appropriate safety training programs for employees.

The Risk Manager will be responsible for the selection of employees to serve on the Executive Safety Committee. Membership will be on a volunteer basis and be for a specified time period. Committee membership will be on a rotating basis. The selection of members will attempt to provide a broad representation of management, supervisors, and employees from throughout the County. The Risk Manager and a representative from the County Attorney's office will serve as permanent members of the Executive Safety Committee in a non-voting capacity.
