This grant does not require any cash match.**

Problem: Complex and dynamic law enforcement challenges exist in the Southwest border area of the United States, including Laredo/Webb County. For example, transnational criminals seek to exploit existing law enforcement jurisdictional boundaries by conducting their illegal enterprises across traditional jurisdictional boundaries. The 2014 Texas Gang Threat Assessment expounds, "Gang activity remains widespread throughout all regions of Texas...Gang activity is also prevalent in the Texas counties adjacent to Mexico and along the key smuggling corridors, since Texas-based gangs are used for cross-border smuggling and trafficking in the state. Many transnational gangs operating in Texas....engage in criminal activity in Mexico as well as in Texas and elsewhere." (Texas Department of Public Safety April 2014)

Solution: Grant award: (1) to ensure first responders are equipped with enhanced tools/equipment/resources needed to confront

well-funded criminal organizations and (2) for the coordination of law enforcement efforts between various local and federal law enforcement agencies.

Result: Enhanced capabilities of local responders; further coordination of response across local and federal jurisdictions.

25. Discussion and possible action to authorize the submission of a Violent Crimes Against Women Criminal Justice and Training (VAWA) grant application to the Criminal Justice Division (CJD) Office of Governor (OOG) in the amount estimated at \$11,857.07 for training, equipment, and supplies for investigators working at the Webb County Sheriff's Office serving victims of violent crimes against women and authorizing the County Judge to execute all relevant documents; and any other matters incident thereto. This grant requires a Thirty-Five (35%) percent cash match. [Account #168-9501-9301 (Transfer out from State Forfeiture Funds)]

Problem: Violence against women is among the most intractable and deadliest criminal justice problems in the United States, especially domestic violence and in the South Texas area. According to published statistics, the number of American women between 2001-2012 who were murdered by current or ex male partners in the United States was 11,766. That's almost double the amount of casualties lost during wars in Afghanistan and Iraq. Women who will be victims of severe violence by an intimate partner in their lifetimes are 1 in 4. ("30 Shocking Domestic Violence Statistics That Remind Us It's An Epidemic" Vagianos 10/23/2014)

Solution: Grant application to enhance the tools, techniques, and training to those investigators and patrol officers who initiate contact with these victims, respond to calls for assistance, file incident reports, provide these victims information/referrals to service providers, investigate cases/incidents, initiate arrests of perpetrators, refer cases for prosecution/follow up cases of domestic violence, sexual assault, dating violence, and stalking.

Result: Enhanced law enforcement services, including patrol response and investigative techniques, to deal with emergent criminal trends, such as cyber stalking, and improved efficacy of the law enforcement response to the needs of victims of violent crime.

26. **Discussion and possible action to approve a supplemental increase adjustment to Slot #427, effective February 09, 2015, in accordance with Chapter 59, Article 59.06 (d) (7) of the Texas Code of Criminal Procedure in the amount of \$12,468.02 on an annual basis; this supplemental increase will continue annually but is contingent upon availability of State forfeiture funds. [State Forfeiture Fund #168]**

The Sheriff may increase a salary, expense, or allowance for an employee of the law enforcement agency who is budgeted by the Commissioners Court if the Commissioners Court first approves the increase as stipulated under Chapter 59.06 (d)(7) of the Texas Code of Criminal Procedures.

<u>Slot #</u>	<u>Title</u>	<u>Hourly Rate/Salary</u>

Problem: The Webb County Community Action Agency (CAA) received a Program Year 2015 Texas Department of Housing and Community Affairs (TDHCA) Comprehensive Energy Assistance Program allocation of \$1,126,862.00 and a Program Year 2015 Community Services Block Grant allocation of \$436,259.00.

Solution: CAA management proposes to adjust the Community Social Services program organization which includes software upgrades, no impact on current staff positions and to fill the recently vacated position of Temporary Part-time Caseworker, Slot #2794 and create and fill a Community Social Service Manager position.

- 30. Discussion and possible action to approve Dannenbaum Engineering Corporation's Supplemental Agreement No. 2 to Main Contract for the Loop 20 Main Lanes and Frontage Roads Sta. 554+00 to Just North of Loop 20/US 59 Overpass (TxDOT CSJ: 0086-14-058) (Loop 20 Extension) Amendment to Article 3. Compensation to reflect changes to scope of work in the *Detailed Fee Schedule Attachment E-4 Revised (9/4/2014)* that were approved thorough Supplemental Agreement No. 1 to the Main Contract. Additionally, the revised Attachment E-4 (9/4/2014) includes the correction to the clerical error that erroneously reduced the total cost of Environmental Services to be provided by Arredondo, Zepeda & Brunz, LLC by \$4.69. The changes of scope have a net zero (no change) on the Engineer's fee as originally intended; and authorizing the County Judge to execute all relevant documents. [Account #644-8001-6022]**

Problem: The Supplemental Agreement No. 1 to the Main Contract that was approved by Commissioners Court on March 10, 2014 changed the scope of work of environmental services to be provided by Arredondo, Zepeda & Brunz LLC, but did not include an amendment to Article 3. Compensation with an updated Attachment E-4 Detailed Fee Schedule to reflect those changes. Additionally, the Attachment E-4 Detailed Fee Schedule Revised (2/25/2014) that was included had a clerical error that erroneously reduced the cost of Environmental Services to be provided by Arredondo, Zepeda & Brunz LLC, by \$4.69. The changes in Environmental Services Scope of work should have had a net zero (no change) effect on the total cost of the Main Contract.

Solution: Approve an Amendment to Article 3. Compensation to reflect changes to scope of work in the *Detailed Fee Schedule Attachment E-4 Revised (9/4/2014)* that were approved thorough Supplemental Agreement No. 1 to the Main Contract and correct the clerical error that erroneously reduced the total cost of Environmental Services to be provided by Arredondo, Zepeda & Brunz, LLC by \$4.69 in the Attachment E-4 Detailed Fee Schedule (2/25/2014).

Result: Supplemental Agreement No. 2 to the Main Contract will correct the errors that were part of the approved Supplemental Agreement No. 1 to the Main Contract.

Discussion and possible action to approve Dannenbaum Engineering Corporation's Supplemental Work Authorization No. 2 to Work Authorization No. 1 for the Loop 20 Main Lanes and Frontage Roads Sta. 554+00 to Just North of Loop 20/US 59 Overpass (TxDOT CSJ: 0086-14-058) (Loop 20 Extension) Correction of two clerical errors that were approved under Supplemental Work Authorization No. 1 to Work Authorization No. 1: Amount for Environmental Services to be provided by Arredondo, Zepeda & Brunz, LLC to remain at \$162,131.00 and the "Maximum amount payable under this Work Authorization" to remain at \$1,917,444.78 as originally approved in Work Authorization No. 1; and authorizing the County Judge to execute all relevant documents.[Account #644-8001-6022]**

Problem: The Supplemental Work Authorization No. 1 to Work Authorization No. 1 that was approved by Commissioners Court on March 10, 2014 erroneously reduced the "Maximum amount payable under this Work Authorization" from \$1,917,444.78 to \$101,069.53 and included an Attachment E-4 Fee Schedule Revised (2/25/2014) that had a clerical error that reduced the cost of Environmental Services to be provided by Arredondo, Zepeda & Brunz, LLC by \$4.69. The changes in Environmental Services

Scope of work should have had a net zero (no change) effect on the total cost of Work Authorization No. 1.

Solution: Correct the “Maximum amount payable under this Work Authorization” from \$101,069.53 to the original \$1,917,444.78 and correct the clerical error that erroneously reduced the total cost of Environmental Services to be provided by Arredondo, Zepeda & Brunz, LLC by \$4.69 in the Attachment E-4 Detailed Fee Schedule (2/25/2014).

Result: Supplemental Work Authorization No. 2 to Work Authorization No. 1 will correct errors that were part of the approved Supplemental Work Authorization No. 1 to Work Authorization No. 1.

“Section 13 (c) Prior to the destruction of a record under an approved records control schedule, authorization for the destruction must be obtained by the Records Management Officer from the Records Management Committee.”

Problem: Currently, the order instructs the Records Management Committee to meet in order to approve the destruction of records requests submitted by the record's Custodians. On January 29, 2015 the Records Management Committee met and instructed the Records Management Officer to present this request before the Commissioner Court in order to streamline the records destruction process.

Purchasing

- 38. Discussion and possible action to solicit Request for Proposals for credit/debit card processing.**

Problem: There is a need for Webb County to provide alternate payment methods. In most departments, payments are limited to cash and checks. The Water Utilities Department has requested an opportunity to allow clients to pay with credit and/or debit cards.

Solution: Implementing credit and debit card processing in a few departments will help Webb County make decisions for additional departments.

Result: The water utilities department expects to increase the

number of users who pay on time, thus reducing the number of disconnect notices issued. Customer service and productivity will be improved.
