Subject: Purchase items notice

Ma'am,

As requested this is your notice that further FY13 funding was made available to your department for the purchase of the following items based on the estimated costs provided from your office:

WCSO-	
(2) Skybox batteries with install & upgrades	\$2,300
(2) LPR upgrades with install	\$56,000
<hr/>	
<i>WCSO Subtotal</i>	<i>\$58,300</i>
<hr/>	

LRT has already approved this as part of **OPSG FRAGO TX Zapata FY13 14-LRTLRT-03-001 V3**. We require a justification letter from your office to submit to OBP/HQ and FEMA. This justification letter needs to explain why these items will help your department conduct OPSG duties (simple and to the point). This should be on your department letterhead, 1 page/paragraph should be sufficient for our purposes, and signed by an authorized official of the county (same as you have in the past should be sufficient).

Please submit **ASAP** to ensure quick approvals and with the deadline for your purchase to be completed in SPARS by July 31.

Respectfully,

J.P.A. Jacob Nissen

LRT/CEU-OPSG

Anita,

I received the quote for the skybox systems and have included it with the L3 ALPR quote. The skyboxes are used for security of the border areas or any other place that we have OPSG officers assigned to. The systems are also used for deterrents, observations, and interdiction. The funds will be used for upgrading the batteries and giving maintenance services so they can be in full working order. The ALPR system will work with the current system we have and give the officers working OPSG the ability to monitor the cameras from a place with a working internet connection. The ALPR system is a mobile trailer that can also work in any area with a active wireless internet connection as well. The system will monitor any vehicle that are flagged in the TCIC/NCIC database. We can also create our own watch list for investigations dealing with OPSG. Give me a call at the sub whenever you want to discuss the actual letter.

Thanks

Joe Gutierrez
