

Hi Martha, here is the quote below:

Demolition of Old County Court Annex. This work is based on non friable asbestos material. All the building material including concrete and brick will be taken to the local landfill provided their approval. Price includes labor, equipment, transportation of debris to the local landfills.

Price does not include any landfill disposal fees. If friable asbestos is identified, this price does not include the transportation of building debris to a class 1 landfill, which would be in San Antonio.

No toxic, hazardous materials, or chemicals, will be identified, handled or disposed of.

Total price is \$200,000.00
