55. Discussion and possible action to approve an amendment to Section VI (Compensation) for a professional service agreement between Webb County and Homero R. Sanchez, M.D. for Webb County jail inmate mental health services by increasing the annual contract amount from \$36,000.00 to \$42,000.00 as per RFQ 2014-32, effective October 1, 2015, and authorizing the County Judge to sign all relevant documents; and any other matters incident thereto. **[Account #001-2060-6022 (Professional Services)]**

Issue: Currently the annual contract with Dr. Homero Sanchez is \$36,000.00 annually. The compensation terms require the Doctor to provide an itemized listing of all calls, patients, services provided during any given month of service. This has increased the actual cost of monthly services and is more cost effective to charge a fixed amount.

Solution: Increase contract to mirror the annual contract amount for the Jail Dentist at \$42,000.00. Dr. Homero Sanchez has agreed to accept this fixed amount regardless of the number of times he takes calls from Jail staff and/or visits inmates at Jail facility to provide mental health services.

This grant does not require any match.

Issue: Supplemental computer equipment and supplies will allow the Webb County Sheriff's Office to improve operational capacity in order to provide better and more enhanced law enforcement services to the Laredo/Webb County community. The grant agreement was sent by the OAG on September 3, 2015, and is required to be signed/returned by Wednesday, September 30, 2015. **[Grant Fund Source 321]**

Issue: In the past decades, many crime victims, such as victims of sexual assault and domestic violence, were unaware if their respective crime perpetrators were able to post bail and released from the corrections system. In late 1993, one particular victim who had been raped, assaulted, and stalked in Jefferson County was unaware that her former boyfriend had been released and was subsequently ambushed by him after she left work. She was shot Seven (7) times at point blank range and killed on that day, her 21st birthday.

Solution: As a result of community outrage, an automated telephone notification system for crime victims and other concerned citizens was instituted: Victim Information and Notification Everyday (VINE) Service. This nationwide system is funded for Texas counties through the Texas Office of the Attorney General (OAG) and is currently utilized by Webb County.

Result: The crime victims of Laredo/Webb County can enroll in this program and will be provided with automated notification upon an offender's custody status change, such as release, transfer, and/or relevant district court dates.

64. Discussion and possible action to enter accept a grant award in the amount of \$47,716.36 (CJD Grant No.1979009 - Slot #2415/Officer I) for the Operation Border Star from the Office of the Governor Criminal Justice Division (CJD) for the continued partial payment of salary and fringe benefits of a deputy/peace officer to provide enhanced border security for the Laredo/Webb County area and authorizing the Webb County Judge to execute all relevant documents; and any other matters incident thereto. **[Grant Fund Source 324]**

Administrative Services

65. Discussion and possible action to approve and implement recommendations from the Insurance Committee, regarding County's Employees Health and Retiree programs, which include changes to the current plan thereby necessitating the adoption of an adjusted benefit plan. This action by the Court, to take effect October 1st, (for County Contribution only), and January 1st, 2016, for the Employee contribution, and any other matters incident thereto, and authorizing the County Judge to sign and execute all relevant documents. **[Requested by Cynthia Mares, Webb County Administrative Services Director, and Roger Garza, Insurance Consultant]**

Issue: The County has experienced account deficits in both the Employee Health Plan and the Retiree Plan. Adjustments need to be made in order to secure reduced costs and in order to balance those funds so that the County reduces risk liability and thereby ensuring that those counts move from operating in deficit to positive balances for the upcoming fiscal year.

Solution: Insurance consultant and Administrative Services department were instructed by the court to look for options that would help the County move from the negative to the positive position. Consultant and staff worked diligently to look at current and past experience on these funds; worked Auditors and Budget officers, to gather data to be able to present viable options.

The Insurance committee met on September 23rd, to listen to presentations from staff, consultant, and representatives from TAC and Blue Cross/Blue Shield. Committee met for several hours to review data and recommendations on the table. The final analysis and consensus from the committee, that for the court to be solvent on these funds, "changes" to the rates and benefits plan are inevitable. The committee voted unanimously to present these options to the court at the September 28th meeting for their approval.

Recommendations:

1) Employee Health Plan:

- a) Increase county contributions \$517.50 (per month), effective October 1, 2015;
- b) Increase the employee contribution tiers by 15%, (except the "employee + Child tier" --that is at acceptable rate), effective January 1, 2016;
- c) Adjust the "waiting period" for new employees from 30 days, to "90 calendar days" effective January 1, 2016;
- d) Adopt an 80-20 benefit plan, that will make adjustments to: deductible, co-insurance and prescription co-pays;

2) Retiree Health Plan:

- a) Increase the County Contribution to \$430.00 (per month), effective October 1, 2015;
- b) Adjust the retiree contribution to \$381.00 (per month), effective January 2016.

Result: These recommended adjustments project an expected claims reduction of approximately, \$.4 million, according to TAC estimates. An increase in employee and county contributions of approximately \$1,000,000 are expected to help the county balance the current deficit situation.

In order to comply with National Emission Standards for Hazardous Air Pollutants (NESHAP), Webb County must employ a licensed asbestos air monitoring service and project manager to ensure the health and safety of the community, oversee the demolition project, and comply with laws regarding the removal and disposal of asbestos products.
