Erika,

Please make sure to open a file for this and that Ray works on this. We need to be ready for the Nov. 23<sup>rd</sup> Comm Crt meeting. Jeff can help out with this issue as well.  
Thank you.

**Subject:** La Presa Subdivision

Marc,

During a meeting with the planning department it came to my attention that some of the properties located in La Presa subdivision have been conveyed to the Webb County Planning Department. These conveyance have neither been accepted nor requested by the Commissioners Court. Furthermore, as we are aware, the Planning Department is not a separate entity.

I wanted to place an item on the agenda authorizing your office to file the necessary documents to reflect that the properties are not owned by Webb County nor acquired by Webb County however, during pre-agenda yesterday, your office informed me that it would not be necessary to place this item on the agenda. The only item that would need to be placed on the agenda would be the approval of proper documentation regarding these properties.

If your office can get with Ms. Rhonda Tiffin to look into this matter and place an item on the agenda for November 23, 2015 I would greatly appreciate it.

I am attaching a copy of the deeds for your review.
