Honorable John C. Galo, Webb County Commissioner Pct. 3

9. Discussion and possible action to authorize the Purchasing Agent to solicit Request for Qualifications (RFQ) for a feasibility study or best use of property proposal for the Tex-Mex property building located at 1200 Washington, Laredo, Texas; and any other matters incident thereto.

Commissioners Court Administrator

10. Discussion and possible action to adopt an Order prohibiting weapons in all Webb County buildings that carry on judicial functions, such as Webb County Courthouse, Criminal Justice Center and other satellite buildings; and any other matters incident thereto.

Issue: The Texas Legislature passed a law making it unlawful for local governments to exclude persons carrying a handgun from government buildings

if they possess a handgun license. However, significant confusion lies in the application of the law as it seems to pertain only to the actual courtroom and not the entire premises of the building in which the courtroom is housed.

Solution: Preparing an order stipulating the basis on the prohibition of handguns makes it lawful and it better informs the public as to the reasons why the entire building must have the prohibition of handguns.

Result: Informing public of how the Open Carry Law does not apply to the Webb County buildings that carry on judicial functions and having the proper Order to enforce this prohibition.

11. Discussion and possible action to rescind previous court action taken on May 12, 2014 awarding RFQ #2014-002 to Frank's Architects for the Master Plan for "L.I.F.E" Laredo International Fair & Exposition property; and any other matters incident thereto; there is no pending or contemplated contract in place and no additional steps have been taken by county staff to require these professional services at this time.

 - b) Negotiations on the KCS property described as Block 213, Western Division, Laredo, Webb County, Texas.
 - c) All pending litigation cases
 - d) Contract with outside counsel regarding claims against Volkswagen Group of America, Inc. and Audi of America, LLC

[Executive Session is requested pursuant to Texas Government Code, Title 5, Subchapter D, Section 551.071 (A) (B) (Consultation With Attorney)]

13. Status report with discussion and possible action from county staff regarding any/all outstanding invoices owed by Webb County that are more than Sixty (60) days overdue; and any other matters incident thereto.

This grant does not require a match.

Issue: The State of Texas recognizes that border communities face urgent security challenges caused by increased activity from transnational organized criminal syndicates and their allies that are intensified by the fluidity of border crossings, heavy commercial activity, and interdependence of the international border communities economies. These socio-economic pressures place increased demands on law enforcement services and intensify the need for augmented public safety resources.

Solution: To provide enhanced border security in Webb County Pct. 3 in order to fulfill State of Texas local border security program objectives, including overtime (OT) resources to suppress, deter, and reduce border-related criminal activity in Texas

Result: Enhanced/increased patrol for certified peace officers working at the Webb County Constable Precinct 3 office.

Honorable Martin Cuellar, Sheriff

18. Discussion and possible action to accept a Local Border Security Program (LBSP) grant award from the Office of the Governor Homeland Security Grants Division (HSGD) in the amount of \$115,000 for overtime for peace officers and any applicable fringe benefits to provide enhanced border security for the Laredo/Webb County community; and authorizing the Webb County Judge to execute all relevant documents; and any other matters incident thereto. Issue: The psychological, emotional, and physical damage caused by child predators and inflicted on innocent victims, their families, and communities can be deeply destructive and have far-reaching consequences that can last a lifetime. Furthermore, throughout the United States, criminal cases built against child predators can be extremely complex, technologically challenging, and legally complicated.

Solution: The Webb County Sheriff's Office cyber crimes law enforcement unit has successfully worked with multiple federal, state, and local law enforcement agencies, including the Office of the Attorney General, to arrest over fifty (50) child predators in the Laredo/Webb County area. Grant application to supplement the successful endeavors of the Webb County Sheriff's Office cyber crimes against children task force to protect the children and youth of the Laredo/Webb County community against child predation.

Result: The Webb County Sheriff's Office will continue to enhance its ability to work proactively not only to catch individual child predators, but to produce an overall inhospitable environment for cyber crimes against children in Laredo/Webb County for the further prevention of child predation in our community.

Issue: The U.S. Department of Veterans Affairs Police stationed at the U.S. Department of Veteran Affairs Laredo Outpatient Clinic located on 4602 North Bartlett Avenue, Laredo, Texas, may encounter certain unusual situations where the assistance of the Webb County Sheriff's Office would be required, such as armed hostage situations, crimes involving individuals leaving the Veterans Affairs jurisdiction, vehicular accident investigations, traffic control, transport of prisoners, and other incidents which would require the assistance of additional officers.

Solution: Memorandum of Understanding (MOU) for mutual assistance between the Webb County Sheriff's Office and the U.S. Department of Veterans Affairs Police. Issue: UV Disinfection was initially designed into the original plant. For unknown reasons this system was never operated or maintained and fell into permanent disrepair. A new system is required to comply with the new Long Term 2 Enhanced Treatment Rule requiring additional treatment techniques for our plant. This will require new reactors at a cost of \$190,000.00 construction costs for the installation of \$250,000.00 and a recommended \$63,000.00 for three (3) years annual maintenance and warranty.

Issue: Initial contract specifications projected and ability to shutdown the plant, for an extended period of time no less than 6 hours due to flow conditions approximately one year ago; however conditions at the plant operation necessitates the continued operation during installation of the screen and therefore the following change order was proposed.
