Honorable Martin Cuellar, Sheriff

- 52.** Discussion and possible action to ratify the submission of a 2016 Law Enforcement Terrorism Prevention Activities (LEPTA) grant application to the Office of the Governor Homeland Security Grants Division (HSGD) in the amount estimated at \$154,975 for interoperable communications equipment and supplies to provide enhanced interoperable communications at the Webb County Sheriff's Office dispatch center and for peace officers; and authorizing the Webb County Judge to execute all relevant documents; and any other matters incident thereto. This grant does not require any type of match.

Issue: Since the tragedy of 9/11, the urgent need for expanded and enhanced interoperable communications for first responders in the United States was understood to help save the lives of both first responders and the people they serve.

Solution: Grant application to provide enhance interoperable communications for the Webb County Sheriff's Office Dispatch Communications Center and the many law enforcement agencies and other first responders they serve and assist.

Result: The Webb County Sheriff's Office Dispatch Center, its 911 operators, the Webb County Sheriff's Office, other local law enforcement agencies, and other first responders will have increased interoperability capacities.

- 53.** Discussion and possible action to approve the submission of a grant application in conjunction with the City of Laredo Police Department, Laredo Airport Police, Constable Pct. 1, Constable Pct. 2, Constable Pct. 3, and Constable Pct. 4 to Office of the Governor Homeland Security Grants Division (HSGD) for a FY 2016 Operation Stonegarden (OPSG) grant for overtime, applicable fringe benefits, equipment, mileage, and operational costs related to homeland security border operations; and authorizing the Webb County Judge to execute all relevant documents related to this grant; and any other matters incident thereto. This grant does not require any type of match.

Issue: Complex and dynamic law enforcement challenges exist in the Southwest border area of the United States, including Laredo/Webb County. For example, transnational criminals seek to exploit existing law enforcement jurisdictional boundaries by conducting their illegal enterprises across traditional jurisdictional divisions. The 2014 Texas Gang Threat Assessment expounds, "Gang activity remains widespread throughout all regions of Texas...Gang activity is also prevalent in the Texas counties adjacent to Mexico and along the key smuggling corridors, since Texas-based gangs are used for cross-border smuggling and trafficking in the state. Many transnational gangs operating in Texas....engage in criminal activity in Mexico as well as in Texas and elsewhere" (Texas Department of Public Safety April 2014).

Solution: Grant application: (1) to ensure first responders are equipped with enhanced tools/equipment/resources needed to confront well-funded criminal organizations and (2) for the coordination of law enforcement efforts between various local and federal law enforcement agencies.

Result: Enhanced capabilities of local law enforcement responders; further coordination of response across local and federal jurisdictions.

54. Discussion and possible action to authorize the submission of a 2017 Local Border Security Program (LBSP) grant application to the Office of the Governor Homeland Security Grants Division (HSGD) in the amount estimated at \$150,000 for overtime for peace officers and any applicable fringe benefits to provide enhanced border security for the Laredo/Webb County community; and authorizing the Webb County Judge to execute all relevant documents; and any other matters incident thereto. This grant does not require any type of match.

Issue: The State of Texas recognizes that border communities face urgent security challenges caused by increased activity from transnational organized criminal syndicates and their allies that are intensified by the fluidity of border crossings, heavy commercial activity, and interdependence of the international border communities' economies. These socio-economic pressures place increased demands on law enforcement services and intensify the need for augmented public safety resources.

Solution: Grant application to provide enhanced border security in Laredo/Webb County in order to fulfill State of Texas local border security program objectives, including overtime (OT) resources to suppress, deter, and reduce border-related criminal activity in Texas.

Result: Enhanced/increased patrol and investigative capacity for certified peace officers working at the Webb County Sheriff's Office.

55. Discussion and possible action to authorize the submission of a Body-Worn Camera Program grant application to the Criminal Justice Division (CJD) Office of Governor (OOG) in the amount estimated at \$22,707 for equipment and associated accessories/supplies for patrol officers working at the Webb County Sheriff's Office and authorizing the County Judge to execute all relevant documents; and any other matters incident thereto. This grant requires a Twenty-Five (25%) percent cash match. **[Account #170-9501-9301 (Transfer out from Forfeiture Funds)]**

Issue: Tragic local and national events have eroded public trust in law enforcement agencies and their officers. Recent violence has again focused attention on controversial confrontations between certain citizens and law enforcement officials; and, this violence has further fomented distrust between community members and the officers sworn to protect them.

Solution: Grant application to leverage federal resources so that the Webb County Sheriff's Office will be able increase transparency and accountability through the grant-funded implementation of a comprehensive, holistic body-worn camera system for its sworn officer force.

Result: The Webb County Sheriff's Office will be able to achieve greater transparency and accountability in its service and protection of the Laredo/Webb County public and taxpayers while leveraging federal grant funding to implement a complex technological system that would otherwise require substantial initial start-up costs to be paid through the Webb County budget.

56. Discussion and possible action to authorize the submission of a grant application to the Bureau of Justice Assistance (BJA) for a Fiscal Year (FY) 2016 State Criminal Alien Assistance Program (SCAAP) grant for reimbursement of costs already incurred for the incarceration of undocumented criminal aliens at the Webb County jail; and authorizing the Webb County Judge to execute all relevant documents; and any other matters incident thereto. This grant does not require any cash match.

Issue: Although immigration matters, including illegal immigration, are constitutionally established as existing under the legal jurisdiction and regulation of the federal government, state prisons and local detention facilities, such as the Webb County jail, incurs significant costs incarcerating undocumented foreign aliens who commit crimes in the United States. This includes but is not limited to supervision, housing, feeding, clothing, any medical and transportation expenses, and other associated detention costs.

Solution: Grant application to obtain reimbursement of a small percentage of the incurred correctional officer salary costs associated with detaining undocumented criminal aliens who had at least one felony or two misdemeanor convictions for violations of state or local law and who were incarcerated at the Webb County jail for at least four (4) consecutive days during the reporting period of July 1, 2014 through June 30, 2015.

Result: Webb County will be reimbursed by the federal government a limited percentage of the amount of its already incurred costs of detained foreign criminals incarcerated at the Webb County jail.

57. Discussion and possible action to approve a budget amendment by increasing revenues and expenditures in the amount of \$118,794.00 for new revenues received from the Department of Treasury from seized funds in accordance with Texas Local Government Code; Section 111.07075 (Special Budget for Revenue Received after Start of Fiscal Year). **[Requested by Martin Cuellar, Sheriff; Fund #170 (Federal Forfeiture)]**

Issue: New revenue receipts received as a result of previous seizures conducted between the Webb County Sheriff's Office and Federal Law enforcement agency(s). These amounts have now been forfeited and awarded to the collaborating agencies for official use.

Solution: Appropriate new revenues and expenditures not currently budgeted for FY 2015-2016.

Result: Utilize new revenues for law enforcement purposes and in accordance with Equitable sharing guidelines. All forfeiture budgets should be used only as a supplement source and not to supplant current budgets approved through the General fund or other non-forfeiture sources.

Honorable Patricia A. Barrera, Tax-Assessor- Collector

58. Discussion and possible action to approve the following line item transfer, effective April 1, 2016:

	Acct. Number	Acct. Name	Amount	Bal.	End Bal.

To:	001-0700-6010	Books & Subscriptions	\$1,500	\$696.60	\$2,196.60

Issue: Account #001-0700-6010 requires funds to purchase the current 2017 version of the Laredo, TX - Polk City Directory Book and CD-rom for our Motor Vehicle and Special Tax Departments to locate and contact customers who have outstanding Non-Sufficient Funds fees or other time-sensitive issues that need to be resolved.

Solution: Transfer funds to said account to cover the cost of the purchase of an updated version of the Laredo, TX - Polk City Directory and CD-rom.

Result: The departments will be better equipped to work efficiently and expeditiously on matters of locating customers for Non-Sufficient Funds fees and motor vehicle related issues.

59. Discussion and possible action to approve a refund in the amount of \$2,656.26 to Webb County Tax Office. Account #90090251259 had combined improvements with Account #90090251292 as per owners request for 2014 and 2015.

Issue: Account #90090251259 no longer has improvements since being combined with Account #90090251292; therefore, taxes are no longer assessed resulting in the refund of \$2,656.26. Since Account #90090251292 now has added improvements, it has a pending balance.

Solution: Refund said amount to Webb County Tax Office to pay the remaining balance on Account #90090251292 where the improvements were combined.

Result: All pending taxes will be paid in full.

Solution: Request that the County Attorney's office prepare an Amicus brief to the Supreme Court with the intention to argue the separation of powers and that the sole authority responsible for setting annual budgets and any other decision of a budgetary nature belongs to the county commissioners court of corresponding counties.

Result: Prevent an appellate court decision that would ultimately have a statewide impact to all counties.
