Virginia,

The PO 16-0006484 should use account 009-1120-8801 instead of 009-1120-6224. Please make a line item transfer to cover the expenses.

Yes, and yes to both your questions. This will be a replacement of your current servers which are out of warranty, and all computers at county clerks will be connecting to the servers for resources.

Hope this answers your questions. Let me know if any additional questions.

Good afternoon Mr. Ornelas,

The Auditor's Office called me regarding the P.O. for DELL and wanted to know which items were to be considered "fixed assets".

Omar Salcedo wanted to know if all the items were purchased

- to aid our servers and
- if any were to connect our PCs?

He would like some sort of distinction, I think.

I'm sorry if this is confusing, let me know.

Thank you,
