Before me, the undersigned Notary Public, on this day personally appeared **Jose Ines Armendariz and Tomasa Armendariz**, and under oath deposed and said as follows:

“Our names are **Jose Ines Armendariz and Tomasa Armendariz**, We are of sound mind, over the age of twenty-one years, and legally competent to make this affidavit. We have personal knowledge of the facts stated herein and state that such facts are true and correct.”

“We own the above-referenced subject property containing the following structures as further depicted on the attached sketch as Exhibit A:

- (1) Dwelling(s) consisting of: **Brick/Cinder Block House (Units A & B); and**

“We hereby acknowledge that in relation to the connection of water and sewer services to this property and the structures identified herein, I have been advised that:

1. We understand and agree that the connection of water and sewer services to this property is conditioned upon this property's compliance with state law, the model rules, any condition imposed by the grant funding agency, provisions of the Inter-local Agreement between the City of Laredo and Webb County executed on May 2, 1995 and recorded in Ordinance No. 95-O-083, and any orders of the Webb County Commissioners Court or resolutions of the City of Laredo relating to the extension of water and sewer services to this property.
2. We understand and agree that in compliance with state law and local regulations, this property and all applicable structures must be continually connected to adequate wastewater disposal through the installed organized sewer system serving this property.
3. We understand and agree that we cannot build any additional structures on this property nor may any non-residential structures be converted to residential uses unless we obtain a development permit or a building permit from the local government (county or city) with jurisdiction over the property and subject to the restrictions or limitations imposed by herein.
4. 5. We understand and agree that we may not subdivide through sale or lease any portion of this property until we secure an approved plat or replat of the property in accordance with the provisions of paragraph four (4) above or limitations imposed by paragraph six (6) below.
6. We understand and agree that no promises or assurances have been made to me by the City of Laredo or Webb County that there is now or will be in the future enough capacity in the water or wastewater systems that would allow me to further subdivide my property as described by paragraphs four (4) and five (5) above. As such, we have been further advised that without sufficient capacity in the system, we will not be able to secure plat approval from the local government (county or city) with applicable jurisdiction over the property.”

“We are making this affidavit of our own free will and without duress and understand that these conditions are necessary for securing water and sewer utilities to our property and structures under the stipulations contained herein.”

“We understand that we are making this statement and submitting this affidavit as a government record and that it is being relied upon by government agencies for the purpose of confirming that the law allows for the use and connection of the property as we have described above.
