Laredo, TX 78046

Your application for sponsorship to attend the Municipal Fire School July 23-28, 2017 has been sent to us by your County Farm Bureau. It is my pleasure to inform you that your sponsorship has been approved.

Download and complete your registration form by accessing the Texas A&M Engineering Extension Service (TEEX) website - **TEEX.org/annualschools** and **click the Municipal Fire School link**. Your fire department will have to pay the \$905.00 for course tuition, campus housing and the student meal plan available through the school at Texas A&M when you register for the course. **Mail or fax your registration form with the full payment to TEEX as instructed on the registration form.**

Texas Farm Bureau Mutual Insurance Company's conditions for sponsorship and partial reimbursement for your expenses are to **complete the courses registered for by attending all classes and receiving a passing grade on the written examination. If you receive funding or a voucher from the Texas Forest Service** to attend this school, Texas Farm Bureau Mutual Insurance Company's sponsorship agreement will become **null and void**.

Approximately eight weeks after completion of the Municipal Fire School and if you have completed the above conditions and our Company has a **W9 on file from your volunteer fire department**, your County Farm Bureau President will present you with a check in the amount of \$875.00.

We thank you for taking time to attend the school, and sincerely hope you enjoy the course and receive valuable training.

Sincerely,

John Stephens
Vice President, Legal and Claims
