Dear Mr. HERRERA,

As per your request for clarification on our proposal for bid SHC-Recon-02 / 118. E. Mendoza St, please be advised that due to misunderstandings from our part several miscalculations were made during the production of the itemized list of referred home reconstruction, therefore we regret to inform you that we have decided to withdraw said bid since we consider that reconstruction of this home would not be feasible under present bid amount. Bronze Builders hereby apologizes for all inconvenience this action may cause.

Our decision is based upon our construction experience and on-site inspections.

Should you need additional information, please do not hesitate to contact us.

Sincerely,

A handwritten signature in black ink, appearing to read "Juan Edgardo Rodríguez", written in a cursive style.
