HI Marco,

Based on the most recent information submitted by Webb County, the relocation of the 11 Utility poles are CDBG Eligible expense for this project. From the Engineer's letter, the utility company is Medina Cooperative and will be the sole provider to relocate the poles.

The County of course will still need to get a quote from them when the time comes and still complete the FIR/LSR form. For type of procurement, you will just mark it with Non-Competitive Sole Source item.

Please let me know if you have any other questions.

Have a blessed day!

Sincerely,

Christy Pardee
