Remarks:

1. Prices are valid for 30 days from the date of this agreement.
2. Sales taxes are not included. Any applicable sales taxes will be included on the invoice to the Client.
3. A maximum of 8 product installations may be combined in a single trip. Additional product installations will require supplementary trip fees.
4. Computers must meet the following minimum requirements to run the AT&T Fleet Complete or Courier Complete applications: Windows 7 Professional with latest Windows Updates, minimum 1GB of memory, 64MB or higher video card with a 1024 x 768 or greater screen resolution and the latest version of the Microsoft .NET framework. Courier Complete also requires at least one database server running Windows 2008 Server and SQL Server 2008. It is also recommended having a separate Courier Complete web server running Windows 2008 Server.
5. Additional installation/data fees may apply. Please speak to your AT&T Fleet Complete representative for more information.
