SH 359 from 4.06 Miles East of SL 20 to 9.830 Miles East of SL 20

CSJ: 0086-01-073, 0086-02-023

Dear Landowner:

The Texas Department of Transportation – Laredo District (TxDOT) is currently planning improvements to the aforementioned highway, and includes improvements needed to ensure the safety of motorists and residents using the roadway. TxDOT has selected our company, Gorrondona & Associates, Inc. to perform the surveying for this project.

Our research indicates that your property is adjacent to the proposed project and we respectfully request your permission to enter upon your property to perform the land surveying necessary for the purpose of determining the location of the existing improvements such as buildings, roadways, driveways and power poles and topographical features such as contours, creeks, draws, hills, and ditches. Our work may require minor trimming of trees and bushes necessary for line-of-sight visibility. Our survey crews typically consist of two to four persons and our company vehicles display Gorrondona & Associates Inc. company logo. When the Crew Chief is on site, please feel free to ask any questions you may have concerning the surveying of your property. Our crews are anticipated to be on this project approximately from August to October, 2019 performing the field work necessary.

Please sign, check the appropriate box and return one (1) of these letters in the self-addressed envelope provided. The additional copy of this letter is for your records. The surveying work, as described above, will continue for several months at intermittent time intervals. If you wish to provide any conditions for your authorization, they can be written on the back of the returned letter or attached thereto. If you have any questions or concerns, please contact our consultant Project Manager, Thomas Cargill at 512-719-9933 (tcargill@ga-inc.net) or myself at 956-712-7735.

Thank you in advance for your cooperation.

Sincerely,	□ Right-of-entry IS	Right-of-entry IS authorized:
