

# MegaTronics International Corp.

Manufacturer of the MegaTrak® Automated Fuel Management System

## MegaTrak® Extended Warranty & EULA Agreement

Webb County Road & Bridge hereby accepts MegaTronics International Corp.'s (MTI's) extended warranty for the MegaTrak® System's Hardware and end user license agreement (EULA) for the MT Pro Software (see letter). This warranty/licensing agreement covers the following period effective June 30, 2019 through June 29, 2020. FOR MCU REPAIRS ship to: MTI, 5150 Broadway St. #459, San Antonio, TX 78209-5710.

### Hardware Warranty/ Maintenance Includes: 9000 Hardwired

(11) MT Series 9000 MCUs Wireless (includes (1) Truck Mount; (2) Lube Reels and (4) Spares) \$1,969.00

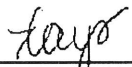

### End User License Agreement and MT Pro Upgrades and Support Includes:

(1) MegaTrak® Pro Standard Client Host Software License with Preventative Maintenance and Support \$995.00

**TOTAL HARDWARE AND SOFTWARE: \$2,964.00**

Please sign, remit and return, keeping a copy for your files.

1. Extended hardware warranty does not include any ancillary products incorporated into the MCU hardware that is not manufactured by MTI (i.e. antennas, etc.).
2. No expressed or implied warranty is made, or included for any MegaTrak® part(s) and/or products which are not installed, used, or operated in accordance with MTI instructions and specifications; or which may have been damaged by accidents, abuse, misuse, vandalism or natural disaster; including, but not limited to, lightning, fire, flood, riot; or any modifications made without prior written approval from MTI.
3. Site visits and/or additional training costs are not covered under this agreement and must be arranged for separately. Tech support when adding or replacing a computer is subject to a \$495.00 charge.
4. MTI is not responsible for loss of data. Customer must maintain backups to receive MTI help in recovery.
5. MTI shall have no liability for damages, or indemnity in any amount exceeding the charges paid by customer for the licensed program(s) above..
6. All service or equipment ordered by customer must have a purchase order or RMA# from MTI. Customer pays to ship to MTI and MTI pays to return it.
7. Replacement of equipment over five (5) years of age, and deemed not repairable, may be purchased through MTI at a discounted price.

**RE: MegaTrak Fuel System Extended Hardware & End User Licensing Agreement: Series 9000  
Hardwired**

Dear Mr. Rodriguez:

Thank you for being part of the MegaTrak team since October of 1998. The current EMA expires **June 29, 2019**. Based on past history, MTI has prepared a renewal agreement for another year. Also, please visit our Customer Share Point site to see all of the new innovations and capabilities that MegaTrak® now offers.

<http://www.megatrak.net>

User name: mega Password: M9000!

It is important to maintain this vital hardware warranty and End User License Agreement (EULA) to keep MegaTrak® hardware "like new" and the MT Pro Software updated and supported at no charge. The renewal date for the extended maintenance agreement is **June 30, 2019** and will continue through **June 29, 2020**. In an effort to go green, you may pay by credit card or ACH.

The cost of this coverage is **\$2,964.00**. The attached invoice is broken down to cover hardware for **\$1,969.00** which includes the diagnostics, keypad overlays, speakers, key drives, locks, diagnostic fees, support, reprogramming, firmware upgrades, labor costs, and return shipping by ground, etc.; and also, the MT Pro Standard EULA covers all client copies, upgrades and support for **\$995.00**. This support includes all upgrades free of charge, and required fixes to the program necessitated by Microsoft, in order to maintain the quality and operation of the proprietary MT Pro Standard Software. MTI is not responsible for loss of data. **Customer must maintain backups. Before changes are made to existing computers, customer must contact MTI for assistance.** Any hardware not listed under "Hardware Warranty Includes" is not covered. Site visits and additional training costs are not covered by this agreement and must be arranged for separately by **Webb County Road & Bridge** and **MTI**.

It is mandatory that **Webb County Road & Bridge** maintain a trained operator in the operation of the MegaTrak® System to keep it running properly. MTI must be notified should the fleet operator change as new training is required to insure the proper function of the MT System. **Please call MTI for a quotation for this new training and to make an appointment for support when replacing, relocating or adding additional computers; or, when working with third party software.** This support is subject to a minimum **\$495.00** charge.

MTI is a small woman-owned company, and in order to protect its patented, proprietary and sole source MegaTrak® System, a warranty and end user license agreement is mandatory to protect all parts of the MT System's hardware design/ firmware and/or the MT Pro software from being used by any competing fuel system.

**FOR MCU REPAIRS: NEW SHIPPING ADDRESS: MTI, 5150 Broadway St. #459, San Antonio, TX 78209-5710.**

Sincerely,

Kay Turner, CEO
