Why **Parking BOXX**?

PARKING EXPERTISE & INNOVATION

Looking for ways to optimize parking revenue?

- Over 75 years of parking industry expertise.
- North American manufacturing and Support.
- First unattended EMV in parking & ADA compliant.
- Built to withstand the harsh Canadian winters as well as the heat & humidity of the Caribbean.

BEST PRICE GUARANTEE

If you have an apples-to-apples quote lower than our Total System Price, Parking BOXX will beat it by 10%.

Buy direct from the Manufacturer & SAVE.

CUSTOM BRANDING

Match your corporate branding and colors! Ensure your customers know they are in the right parking lot. Extend your customer experience to the curb.

BEST INSTALLATION & SUPPORT

We have the best people in the industry. They enjoy what they do and they're darn good at it too!

IN A RUSH?

We'll get you a proposal faster than anyone in the industry. And our delivery times are the shortest in the industry.

INC 5000

Recently listed as one of the fastest growing companies in the U.S.

Custom Branding

EXTEND YOUR BRANDING TO THE PARKING AREA!

WALK-UP PAYMENT

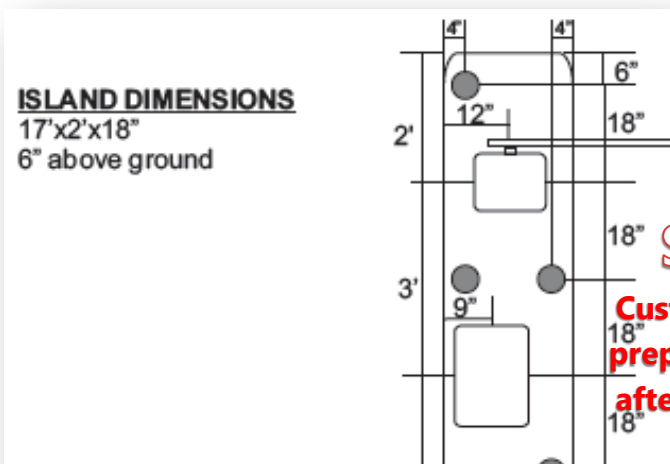

EXIT + HOTEL CARD DROP

SAMPLE Laneway

LANEWAY 3D RENDERINGS & 2D DRAWINGS

Here are 3D renderings & 2D drawings of a sample laneway. Customized 2D Drawings (see bottom two images) for your specific system configuration will be provided once your system has been ordered.

SAMPLES!

Custom drawings will be prepared for your project after the order is placed;

EASE™ & Parking Server

Central Parking System Control

The Parking Management Software is called EASE.

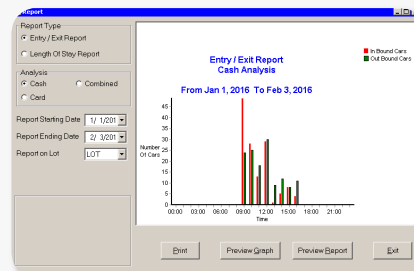

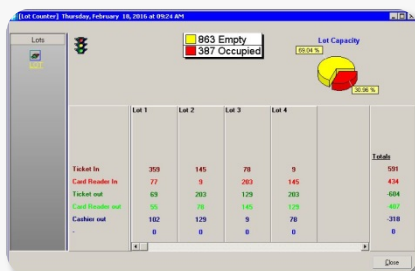

- Easily and quickly control all aspects of the parking system from the Parking Server via the LAN or Cloud.
- View real-time transaction counts, ticket status, space available counts, RFID access control usage.
- Scale from a single parking laneway to many laneways across multiple garages.
- Configure complex parking rate structures, re-rates, validations, discounts, coupons.
- View real-time machine operational status, including live screen view and component status.
- Incorporate RFID access control credentials (access permissions, usage control) & holders (monthly parkers, employees, etc.).
- Generate reports, export data to HTML, Excel, CSV, XML, or PDF data for further manipulation or integration.
- Audit trails may be printed at stations to enhance cash controls.
- View detailed system logs and monitor via email/text alerts.
- Create granular user permissions to limit access.
- Automate data back-ups. Optional RAID fail-over drive.
- Integrate with third-party systems.
- **PCI & EMV** Compliant
- UPS backup protects electronics and provides stable current.

Validation Solutions & Passes

- Discount (amount, time, percentage) or re-rate via:
 - On-line validation stations
 - Web-based validation
 - Coupon chaser tickets or printed stickers
- Automated pass sales

Reports

View real-time data. Generate reports by start + end date/time. Export data as HTML, Excel, CSV, XML, PDF.

ANYTIME. ANYWHERE.

Access the Parking Management Software:

- Cloud: Access the Parking Server, EASE software or WebEASE from the Cloud.
- LAN: Access the Server, EASE or WebEASE directly through your LAN.
- Workstation: Install an EASE client directly on any Windows device in your network. Create a desktop shortcut to WebEASE on any device/any OS in your network.

SERVER FORM-FACTOR OPTIONS

99.99% Server Uptime, plus options to match your needs:

- **The Rackmount Parking Server:** Optimized CPU, RAM and design ensure high availability for high volume sites. Optional mirrored RAID drive optimizes up-time in the event of a drive failure. Rackmount form factor utilizes your existing server room security features. Physical security ensures only authorized personnel access this Server via authorized user accounts. (Server 2012 or W7)
- **The Parking Server/Workstation:** for sites that want to utilize the Server as a workstation. Includes LCD, keyboard, and mouse. Coupons/reports printer is optional. (Server 2012 or W7)
- **The Economy Parking Server:** for budget-conscious sites with low volume traffic. This option may also incorporate an LCD, keyboard, mouse and coupons/reports printer. (W7 only)

* VM Server environments are also supported.

STANDARD MODULES

EASE modules include: EASE (parking operations, counters, occupancy, parking passes), PayEASE (revenue calculation, collection & PCI/EMV/Interac compliant payments), CardEASE (RFID access credentials), DiscEASE (validations, coupons, re-rates), DiscPrint (coupons printing), MonitorEASE (system performance, email/text alerts), ReportEASE (reporting), WebEASE (browser based report access).

UPGRADE MODULES

CashEASE (cashier/attendant), ValEASE (validation station), GuestEASE (hotel guest station), VideoEASE (video monitoring), CallEASE (intercom/help calls via VoIP or analog), License Plate Recognition, License Plate Inventory, EventEASE (event reservations), Valet Parking, Pay By Phone, Hotel Guest Integrations, Validation Integrations.

ENTRY BOXX High-Speed Ticketing

Print entry ticket, pay on entrance, or allow pre-paid event parking.

- Ticket machine provides on-line real time ticketing data. Press button, take ticket, barrier gate opens.
- Custom branding: corporate colors, logo and customized text.
- Sunlight readable LCD with 4-lines & customized instructions.
- Intelligent thermal ticket with multiple lines of text, barcode, date & time, ticket number, lane number & custom header.
- Issues 5,250 thermal tickets per paper fill. Also see our high-capacity dual-printer option.
- Single ticket issues only when a vehicle is present and barrier gate arm is closed.
- Retracted tickets are invalidated and stored in collection bin.
- Vehicle back-out invalidates ticket.
- UPS backup power protects electronics, provides stable current, and offers surge suppression.
- Powder coated, stainless steel cabinet with multi-point locks.
- Off-line mode saves transactions for syncing upon reconnect.
- Slim profile: 15" x 11" footprint. (38cm x 28cm)

OPTIONS

- Add an intercom (VoIP or analog).
- Utilize RFID card access readers (proximity or long range) with your existing building access system or CardEASE.
- Incorporate a scanner for printed passes or event tickets. Upgrade to a 2D scanner to read QR codes and phone screens.
- Add PayEASE the POS module of EASE to process real-time payments via encrypted credit card reader or EMV reader, contactless/TAP & pin pad with store & forward for flat-rate or event payments on entry.
- 12" full-color touch-screen LCD (with credit card only)
- Add a custom voice greeting. Add security cameras.
- Include a thermostatically controlled heater or dehumidifier.
- Add lot open/full, space available, and other signage.

USABILITY

- Intuitive: 100% Rated "Very Easy to Use"
"Simple as it could be!" – Survey participant.
- "I have never used a parking machine before and this was very easy."
– Survey participant.

BARRIER GATE

Straight Arm (10' or 12') or Folding Arm (12') (BGS-5xx)

Add a Barrier Gate to an Entry Lane or Exit Lane to ensure parking lot control. This durable stainless steel gate has been proven in extreme temperatures.

- Powder coated, stainless steel cabinet.
- Direct drive motor auto-reverses upon contacting obstruction.
- Red/green illuminated panels on gate.
- Programmable open & close gate arm speeds.
- Includes wireless receiver, and two remote controls to open/close barrier gate arm.
- Slim profile; fits on narrow islands.
- Single door access and removable top.
- Gate arm holder for lightweight aluminum arm, no special tools required for installation.

OPTIONS

- Straight Arm or Folding Arm (adjustable height) includes 3M high-intensity reflective striping for high visibility.
- Red/green lights on gate arm for enhanced visibility.
- Protective strip under gate arm.
- Breakaway release arm (straight arm only).
- Breakaway arm sensor.
- Battery-backup auto open on power loss.
- Infrared sensor – detects presence of an object, including humans. Recommended in high pedestrian traffic areas.
- Photo cell - detects obstacles within beam of light to prevent gate arm closing.
- Arm lengths greater than 12' (max 18') require motor upgrade (5 second open time, straight arm only).
- Memory vend for increased distance between payment and gate arm.
- Thermostatically controlled heater (operates to -40°F/-40°C).

RELATED ITEMS

- Loop (PVC or saw cut), standard or oversize vehicle dimensions.
- Loop Detector – detects vehicle presence to arm or reset barrier gate or open if free in/out gate.
- Wayfinding Sensors & Signage.
- Full-Featured or Flat-Rate Parking Systems.
- Entry BOXX or Exit BOXX.
- Access Control Parking System with Keypad or Card Access.
- Coin Station Machine: low cost, stand-alone option.
- Stop/Go Light.
- Protective Bollard.

TECHNICAL SPECIFICATIONS

TERMS, FEES & WARRANTY

TERMS

General Terms Of Sale. Parking BOXX reserves the right to cancel orders arising from errors, inaccuracies, or omissions. All Permits (including Building and Electrical) must be obtained by Customer. Customer is responsible to provide all applicable site preparation & civil work (including concrete, 120V electrical with 20Amps per lane, network/Ethernet, data communication, phone lines, saw cut & PVC loops) and associated permits as required. Parking BOXX will provide laneway drawings upon receipt of deposit payment. Customer is responsible to ensure the site meets the specifications listed in the drawings. Product shipped as ordered. Please ensure correct part numbers, products and compatibility. For tickets and validation stickers/coupons, specify any text or graphics, otherwise standard will be sent. Orders sent FOB Milton, ON or Sarnia, ON, collect or on account via the courier specified in the quote and/or proposal. Quotes and proposals are subject to terms at parkingboxx.com/terms. Prices quoted are in effect for 30 days unless otherwise stated.

Terms of Quote and/or Proposal Supersede. In the event that a specific term in the quote and/or proposal conflicts with a term listed herein, the term in the accepted quote/proposal shall supersede.

Delivery. Unless otherwise stated in the quote/proposal, the timeframe for delivery and installation shall be 10-12 weeks from receipt of purchase order and deposit payment and receipt of any other Customer Deliverables (including artwork approval and Merchant account creation).

Payment Terms. Payment terms shall be 50% due at time of order & 50% due to Technicians after Installation and upon System Acceptance. Upon receipt of the project balance payment, Customer shall receive a Welcome Package, which includes the keys and passwords for the Parking System.

Concierge Service. If the site does not go live immediately after installation, the quoted Concierge Service fee shall apply for a return trip. Going live without the Concierge Service may limit or void the Parking System warranty. The Concierge Service is required to initiate your Remote Support Warranty – all Remote Support will be billable until the Concierge Service has been completed.

FEES

Taxes & Shipping. Applicable taxes and shipping charges will be added at time of invoicing. If a Lift Gate is required on the delivery truck, please add \$200 to any quoted Freight & Handling charge.

Installation Agreement. Upon completion of any Customer Deliverables listed in the quote/proposal, Parking BOXX shall send an Installation Agreement to the Customer regarding the details of scheduling, including available dates, rules and fees for rescheduling and deficiencies.

Merchant Accounts. For E2E Encrypted Credit Card Reader, Customer to open Gateway & Merchant account (Global, Chase, First Data, TSYS) through Nationwide Payments. Accounts NOT opened through Nationwide will have a per transaction gateway fee plus a minimum balance. NOTE: In the USA, the EMV Chip Credit Card Reader & TAP Merchant account is TSYS or Elavon, which along with the Gateway account shall be opened through Nationwide Payments. In Canada, the Interac/EMV Merchant account shall be opened with Moneris.

VoIP Intercom Fees. For Parking Systems with VoIP Intercoms, the VoIP Intercoms have 2 dialing options: 1. Call any North America phone/cell number for a SIP Server Fee per Intercom prepaid annually. Includes initial time and date calling rule configuration, 500 calling minutes per month, and additional shall be billed at \$0.10 per minute; 2. Call a single Master Intercom Console via the local area network (LAN).

Remote Access VPN Fee. All Parking System Devices, including Validation & Guest BOXX terminals, must operate on the same LAN as the Parking Server. Any units not on the same LAN must be approved by Parking BOXX in writing and approved Devices will incur an annual prepaid fee.

Cloud Fees. If applicable, Cloud Fees shall be specified in your quote/proposal. Additionally, if Customer is unable to provide a hard-wired internet connection to each Device and wireless connectivity is required, this is not included unless a Modem and the associated Cloud Fees have been quoted. Customer shall be responsible for any misuse or abuse of data usage. Maximum data usage is 100 MB per monthly billing cycle. Overage shall be billed at \$10 USD per MB.

Site Preparation & Civil Work. Customer shall be responsible for all Site Preparation & Civil Work (as outlined in the quote/proposal, site specific drawings and Site Preparation Guide). Parking BOXX is not responsible for any Site Preparation & Civil Work unless specifically agreed in a separate, written agreement signed by both parties.

WARRANTY

General Terms and Conditions:

Start Date. The Warranty Start Date shall commence on the date Equipment ships from Parking BOXX or if the System is installed by Parking BOXX the date on which the Equipment is, in the sole discretion of Parking BOXX, ready to be operational. Extended Warranty renewals shall be extended from the prior warranty end date. Warranty is valid only for the original purchaser of Equipment and is not transferable. Warranties contained herein are in lieu of all other warranties expressed or implied, including warranties of merchantability and fitness for a particular purpose and exclude all liability for incidental or consequential damages however caused.

If there is a recall or safety notice issued by Parking BOXX for a particular Component, notice shall be sent to Customer. All Warranties offered herein are subject to Limitations of Warranty set forth below. No employee or representative of Parking BOXX may modify the Warranty unless in writing signed by a Parking BOXX corporate officer.

STANDARD WARRANTY

Parts. Parking BOXX warrants that Equipment shall to be free from defects in materials and workmanship for one (1) year from the Warranty Start Date. Equipment deemed defective shall be repaired or replaced pursuant to the discretion of Parking BOXX, and replaced and repaired parts shall be sent to Customer on Customer's shipping account or be charged applicable shipping charges.

Labor. Factory labor for the repair or replacement of defective Parts is included at no charge for one (1) year from the Warranty Start Date. Labor for on-site Service Calls and Routine Maintenance is not included under the Standard Warranty. For one (1) year from the Warranty Start Date the Standard Warranty also includes:

- Unlimited Remote Support during Business Hours.
- Software Maintenance Releases.

Basic Troubleshooting. Equipment shall only be deemed defective and subject to Warranty coverage after the Customer has completed all basic troubleshooting steps as requested by Parking BOXX Technicians.

WARRANTY EXCLUSIONS: Warranties offered by Parking BOXX do not cover: consumables including paper, proximity cards, arm replacement, etc.; any work performed by telecommunication, electrical, or civil contractors selected by Customer; basic troubleshooting, including resolving paper jams, coin jams, bill jams, replacing items that require only a screwdriver or pliers, resetting equipment, plugging in cables and replacing chips, SIM cards & SD cards; third party items, not provided by Parking BOXX, such as IT infrastructure, including but not limited to

routers, Ethernet cables, WiFi access points, etc.; local backup or recovery of Software or data; software reinstallation due to general computer related problems, such as viruses, new computer, or disk failure; updates or other changes required due to Merchant Processor requirements or Bill, Coin or other currency specifications; training on new or enhanced features; normal wear and tear, including repair and replacement of parts due to normal wear and tear; Warranty support requests received after the expiration of the Warranty or where Customer has failed to reply to Parking BOXX Support emails or phone calls within five (5) business days; damage due to acts of god or nature; any other defects.

VOIDING WARRANTY: Warranty coverage shall be void upon: improper use of product, abuse or misuse, including but not solely limited to the failure to use this product for its normal purposes or in accordance with Parking BOXX's instructions on usage and maintenance. Warranty may be voided upon, but not limited to the following circumstances:

- Connection to a faulty power source, a power source that surges or a power source or any other connection with incorrect voltage.
- Installation by an unauthorized service center.
- Use not consistent with the instructions and technical or safety standards prescribed in the product user manual.
- Alteration, modification, disassembly or unauthorized repair or attempted repair of Components.
- Usage of the product in conjunction with accessories that are not approved by Parking BOXX in writing.
- User inflicted intentional or accidental damage or vandalism.
- Alteration, deletion, or removal of the serial number or manufacturer labels or security stickers.
- Failing to complete the required Concierge Service, Hardware Training and/or Software Training prior to making the parking system operational.

EXTENDED WARRANTY

Extended Warranties are only available to Customers who have Equipment installed and serviced exclusively by Parking BOXX and have an active Warranty for that Equipment with Parking BOXX. Terms may be changed for renewals or extensions of Warranty coverage. If an Extended Warranty is requested for Parking Systems that have been installed or serviced by a third party, Parking BOXX reserves the right to inspect the Equipment and refuse the request or to refuse any request for an Extended Warranty for any reason. Only supported Equipment and Software qualify for Extended Warranty options.
