All,

Attached you will find the final updated signed change orders 12 – 15.

Change Order 12 – New ceramic tile at conference room and medical examiner office (Material Cost Corrected)

Change Order 13 - New ceramic tile at investigators room (Material Cost Corrected)

Change Order 14 – Fix exterior wall (Stucco Cracks)

Change Order 15 – Roof Repairs

- Note this change order is now CO 15 in lieu of previous CO 16. We renumbered so that the change orders will be approved in a sequential order.

Change order 16 – Relocating Exhaust fan – Not included.

- Note this change order is now CO16 in lieu of previous CO 16. We reorganized the numbers for sequential approval instead of skipping unapproved numbers. We are investigating and confirming what was installed compared to the mechanical design in the contract drawings. Once investigation is done, we will circle back to this change order.

Let me know if you have any questions.
