Attn.: Webb County Purchasing Agent

**Subject: Webb County – Statement of Qualifications
On Call Geotechnical Engineering Services for County Projects
RFQ 2022-010**

Dear Webb County Purchasing Agent:

Howland Engineering and Surveying Co., Inc. (Howland) values this opportunity to submit the Request for Qualifications (RFQ) which depicts that we at Howland are experienced and qualified to provide professional geotechnical engineering services for the above referenced project, and, if required, provide Construction Materials Testing Services.

The following RFQ outlines in detail our qualifications and recent experience to complete the above referenced scope of work for your upcoming project(s). This Statement of Qualifications is valid for ninety (90) days from the deadline of submission. All terms and conditions of the RFQ are understood and acknowledged. If you have any questions or need additional information, please do not hesitate to contact me at 956-722-4411.

Thank you for providing us this opportunity to submit the following Request for Qualifications.

Sincerely,
Howland Engineering and Surveying Co., Inc.

EXECUTIVE SUMMARY

Howland Engineering and Surveying Co., Inc. (Howland) is a diverse team of highly skilled and certified professionals that include Registered Professional Engineers, Professional Land Surveyors, Certified Floodplain Managers, Planners, Safety Professionals, Certified Construction Materials Testing Technicians & other experienced personnel. Our focus has always been “getting the work done” and this remains our approach to providing efficient and quality service in today’s fast-paced environment.

Howland has been providing geotechnical and COMET services in Texas for over 20 years. These services are related to land development, roadway designs, commercial development, and municipalities and institutional projects to both the public and private sectors. To this date, Howland has drilled thousands of linear feet for geotechnical boring projects around Webb County.

Howland is committed to efficiently providing our clients with timely and accurate products while staying within budgets. Howland’s diverse team of professionals and qualified staff complete the tasks at hand using our multi-discipline departments: surveying, land development, master planning, civil engineering, foundation engineering, geotechnical engineering, and construction materials testing.

GEOTECHNICAL EXPERIENCE

Howland was established as a surveying company in 1922, and grew to include Geotechnical Engineering in 2001. Howland has been providing geotechnical and COMET services in Texas for over 20 years. These services are related to land development, roadway designs, commercial development, and municipalities and institutional projects to both the public and private sectors, including government entities. To this date, Howland has drilled thousands of linear feet for geotechnical boring projects around Webb County.

Howland is committed to efficiently providing our clients with timely and accurate products while staying within budgets. Howland's diverse team of professionals and qualified staff complete the tasks at hand using our multi-discipline departments: surveying, land development, master planning, civil engineering, foundation engineering, geotechnical engineering, and construction materials testing.

FINANCIAL STABILITY

Howland is financially stable and able to perform the functions required by this RFQ and to provide the services represented in this response.

II. PERSONNEL QUALIFICATIONS

KEY PERSONNEL

The following team members at Howland currently maintain professional certifications for their specific discipline and are currently in good standing with the state / institute agencies.

Roberto P. Martinez, Jr., PE

Geoscience Manager / Partner

Howland Engineering and Surveying Co., Inc.

CERTIFICATION

Texas Registered Professional Engineer (TX Registration No. 87810)

EDUCATION

Purdue University, West Lafayette, Indiana
Master of Science in Civil Engineering (1993)
Specializing in Structural Engineering

Texas A&M University, College Station, Texas
Bachelor of Science in Civil Engineering (1991)
Emphasis in Structural Engineering

BIO

Roberto P. Martinez, Jr. is a partner and geoscience manager of Howland Engineering and Surveying Co. After obtaining a master's degree in civil engineering, he began his engineering career performing forensic engineering studies. Today he has over 27 years of experience in geotechnical engineering. This includes an extensive knowledge of local construction projects, forensic engineering, construction materials engineering and testing, civil design, and pavement design. He has managed various major geotechnical engineering and civil engineering projects throughout the City of Laredo.

For over a decade, Mr. Martinez has served as President of Howland Engineering and Surveying Co. In this role he oversees the management, operations, and administration for the company. Throughout his career he has maintained strong working relationships with clients including architectural and engineering firms, City, County, and State agencies.

PROJECT EXPERIENCE

- **City of Laredo - 36" Water Transmission Line – Laredo, TX**

The 36" Water Transmission Line project consisted of drilling eighteen (18) soil test borings at varying depths along the proposed alignment of the 36" water transmission line. The scope of this exploration includes the following: 1) a field investigation phase for determining the surface conditions (slope & drainage) and subsurface conditions obtaining representative soil samples for classification and testing, 2) laboratory testing to establish pertinent engineering properties of subsurface soils encountered, and 3) a compilation and evaluation of field and laboratory data to develop geotechnical recommendations. Howland also performed construction materials testing for the project including compressive strength testing, field moisture density testing, and asphalt testing.

- **LNV, Inc. - City of Laredo Unitec Wastewater Treatment Plant Sludge Drying Beds – Laredo, Texas**

The Unitec Wastewater Treatment Plant Sludge Drying Beds project consisted of the construction of two (2) sludge drying beds of approximately 7,700 SF within the Unitec Wastewater Treatment Plant. Howland conducted a geotechnical investigation that consisted of drilling two (2) 15-FT soil test borings within the proposed drying beds footprint. The scope of this exploration includes the following: 1) a field investigation phase for determining the surface conditions (slope & drainage) and subsurface conditions obtaining representative soil samples for classification and testing, 2) laboratory testing to establish pertinent engineering properties of subsurface soils encountered, and 3) a compilation and evaluation of field and laboratory data to develop geotechnical recommendations.

Sergio Galindo, Jr., PE

Geoscience Project Manager

Howland Engineering and Surveying Co., Inc.

CERTIFICATION

Texas Certified Professional Engineer (TX Registration No. 130847)

EDUCATION

Bachelor of Science in Civil Engineering (2014)
Texas A&M University – Kingsville, Kingsville, TX

BIO

Sergio Galindo, PE has been part of the Howland team since 2012. As Geoscience Project Manager, Sergio delegates and manages the Geoscience Department and ensures that all work is done in accordance to project specifications. He manages all field activities, develops Geotechnical Engineering Report recommendations, oversees daily Construction Materials and Engineering Testing (CoMET) reports, and performs inspections of soils, concrete, asphalt, foundation, and steel reinforcement. Sergio attended Texas A&M University –Kingsville where he obtained a B.S. in Civil Engineering.

PROJECT EXPERIENCE

- **City of Laredo**

- **Sierra Vista and Milmo Boost Pump Station Improvements – Laredo, Texas**

- The Sierra Vista and Milmo Boost Pump Station Improvements project consisted of constructing the LAS Building and Chemical Building for the Sierra Vista and Milmo Ave Boost Pump Stations. Howland conducted a geotechnical investigation that consisted of drilling three (3) 50-FT soil test borings within the proposed site. The scope of this exploration includes the following: 1) a field investigation phase for determining the surface conditions (slope & drainage) and subsurface conditions obtaining representative soil samples for classification and testing, 2) laboratory testing to establish pertinent engineering properties of subsurface soils encountered, and 3) a compilation and evaluation of field and laboratory data to develop geotechnical recommendations.

- **City of Laredo**

- **Antenna Towers – Laredo, Texas**

- Howland conducted a geotechnical investigation for four (4) antenna towers including a 75' Monopole Antenna Tower, 125' Self-Supporting Solid Rod Antenna Tower, 125' Self-Supporting Solid Rod Antenna Tower, and a 220' Self-Supporting Solid Rod Antenna Tower. The investigation consisted of drilling four (4) 60-FT soil test borings at the proposed antenna tower locations. The scope of this exploration includes the following: 1) a field investigation phase for determining the surface conditions (slope & drainage) and subsurface conditions obtaining representative soil samples for classification and testing, 2) laboratory testing to establish pertinent engineering properties of subsurface soils encountered, and 3) a compilation and evaluation of field and laboratory data to develop geotechnical recommendations.

BENEFITS FOR THIS PROJECT

Howland is excited to bring our geotechnical engineering expertise to Webb County to provide projects for our community. Our strengths and experience allow our team to work in an efficient and streamlined manner, which ensures we meet the County's needs and requirements.

Our reputation in Webb County is based on our ability to perform whatever tasks we undertake in a professional and workman like manner. The Howland team of multi-disciplinary professionals allows us the unique advantage to service varying components of projects for our clients. Howland will perform the work in accordance with all City, State, and Federal laws and guidelines in compliance to the specifications provided by Webb County.

ADDENDUM NUMBER 1 TO THE RFQ DOCUMENTS

Addendum Date: September 19, 2022

RFQ DOCUMENT NUMBER RFQ 2022-010

“On Call Geotechnical Engineering Services for County Projects”

A. This Addendum shall be considered part of the RFQ documents for the above-mentioned project as though it had been issued at the same time and shall be incorporated integrally therewith. Where provisions of the following supplementary data differ from those of the original bid documents, this Addendum shall govern and take precedence. **RESPONDENTS MUST SIGN THE ADDENDUM AND SUBMIT IT WITH THEIR BIDS/PROPOSALS.**

B. Respondent are hereby notified that they shall make any necessary adjustments in their estimates as a result of this Addendum. It will be construed that each bidder's proposal is submitted with full knowledge of all modifications and supplemental data specified herein.

Except as described below, the original bid document remains unchanged. The RFQ documents are modified and/or clarified, as follows:

Modification to the Cover page and Section 5 Background and Scope of Services:

- Webb County is currently seeking to retain up to three (3) qualified Engineering Firms to provide Material Testing Services on an on-call basis. The services will be assigned on an as-needed basis for various projects and efforts initiated by Webb County for a three (3) year performance period ~~effective October 1, 2022 through September 30, 2025~~. They may be short term assignments or may be part of larger capital project assignments. This document outlines the requirements, selection process and documentation necessary to submit a Statement of Qualifications (SOQ) in response to this RFQ. This solicitation will comply with the State of Texas Government Code; Professional Services Procurement Act and if applicable with the Code of Federal Regulations §200.318 - §200.327 (General Procurement Standards).
- **Effective on the date the professional services agreement is fully executed.**

RESPONDENT MUST ACKNOWLEDGE THIS ADDENDUM BY SIGNING BELOW AND ATTACHING THE SIGNED ADDENDUM TO THE PROPOSAL FORM(S):

Company Name Howland Engineering and Surveying Co., Inc.

Contact Person Roberto P. Martinez, Jr.

Signature 

Date 09-20-2022

THIS CONCLUDES ADDENDUM NO. 1 IN ITS ENTIRETY.

This Addendum is being transmitted electronically via our E-Bid site @ <https://webbcountyebid.ionwave.net/Login.aspx>. If you have any questions, please direct them to; Juan Guerrero Jr. (956) 523-4149 or email at juguerrero@webbcountytx.gov.

Offeror: Complete & Return this Form with Response Submission.

House Bill 89 Verification

I, Roberto P. Martinez, Jr., the undersigned representative of (company or business name) Howland Engineering and Surveying Co., Inc. (heretofore referred to as company) being an adult over the age of eighteen (18) years of age, after being duly sworn by the undersigned notary, do hereby depose and verify under oath that the company named above, under the provisions of Subtitle F, Title 10, Government Code Chapter 2270:

1. Does not boycott Israel currently; and
2. Will not boycott Israel during the term of the contract.

Pursuant to Section 2270.001, Texas Government Code:

1. "Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made ordinary business purposes; and
2. "Company" means a for-profit sole proprietorship, organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or an limited liability company, including a wholly owned subsidiary, majority-owned subsidiary, parent company or affiliate of those entities or business association that exist to make a profit.

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

FORM CIQ

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. See Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 Name of vendor who has a business relationship with local governmental entity.

Howland Engineering and Surveying Co., Inc.

2 Check this box if you are filing an update to a previously filed questionnaire. (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 Name of local government officer about whom the information is being disclosed.

None.

Name of Officer

4 Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

Yes No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

Yes No

5 Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.

Roberto P. Martinez, Jr.

6 Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

7

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at <http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm>. For easy reference, below are some of the sections cited on this form .

Local Government Code§ 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

- (A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;
- (B) a transaction conducted at a price and subject to terms available to the public; or
- (C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code§ 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds \$2,500 during the 12-month period preceding the date that the officer becomes aware that

- (i) a contract between the local governmental entity and vendor has been executed; or
- (ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than \$100 in the 12-month period preceding the date the officer becomes aware that:

- (i) a contract between the local governmental entity and vendor has been executed ; or
- (ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code§ 176.00G(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

- (1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);
- (2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or
- (3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

- (A) begins discussions or negotiations to enter into a contract with the local governmental entity; or
- (B) submits to the local governmental entity an application, response to a request for proposals or bids , correspondence , or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

- (A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);
- (B) that the vendor has given one or more gifts described by Subsection (a); or
- (C) of a family relationship with a local government officer.

CERTIFICATION
REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY
EXCLUSION FOR COVERED CONTRACTS

PART A.

Federal Executive Orders 12549 and 12689 require the Texas Department of Agriculture (TOA) to screen each covered potential contractor to determine whether each has a right to obtain a contract in accordance with federal regulations on debarment, suspension, ineligibility, and voluntary exclusion. Each covered contractor must also screen each of its covered subcontractors.

In this certification "contractor" refers to both contractor and subcontractor; "contract" refers to both contract and subcontract.

By signing and submitting this certification the potential contractor accepts the following terms:

1. The certification herein below is a material representation of fact upon which reliance was placed when this contract was entered into. If it is later determined that the potential contractor knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, or the TOA may pursue available remedies, including suspension and/or debarment.
2. The potential contractor will provide immediate written notice to the person to which this certification is submitted if at any time the potential contractor learns that the certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
3. The words "covered contract", "debarred", "suspended", "ineligible", "participant", "person", "principal", "proposal", and "voluntarily excluded", as used in this certification have meanings based upon materials in the Definitions and Coverage sections of federal rules implementing Executive Order 12549. Usage is as defined in the attachment.
4. The potential contractor agrees by submitting this certification that, should the proposed covered contract be entered into, it will not knowingly enter into any subcontract with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the Department of Health and Human Services, United States Department of Agriculture or other federal department or agency, and/or the TDA, as applicable.

Do you have or do you anticipate having subcontractors under this proposed contract?

Yes

No

5. The potential contractor further agrees by submitting this certification that it will include this certification titled "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion for Covered Contracts" without modification, in all covered subcontracts and in solicitations for all covered subcontracts.
6. A contractor may rely upon a certification of a potential subcontractor that it is not debarred, suspended, ineligible, or voluntarily excluded from the covered contract, unless it knows that the certification is erroneous. A contractor must, at a minimum, obtain certifications from its covered subcontractors upon each subcontract's initiation and upon each renewal.
7. Nothing contained in all the foregoing will be construed to require establishment of a system of records in order to render in good faith the certification required by this certification document. The knowledge and information of a contractor is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
8. Except for contracts authorized under paragraph 4 of these terms, if a contractor in a covered contract knowingly enters into a covered subcontract with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, Department of Health and Human Services, United States Department of Agriculture, or other federal department or agency, as applicable, and/or the TOA may pursue available remedies, including suspension and/or debarment.

PART B. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, INELIGIBILITY AND VOLUNTARY EXCLUSION FOR COVERED CONTRACTS

Indicate in the appropriate box which statement applies to the covered potential contractor:

- The potential contractor certifies, by submission of this certification, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this contract by any federal department or agency or by the State of Texas.
- The potential contractor is unable to certify to one or more of the terms in this certification. In this instance, the potential contractor must attach an explanation for each of the above terms to which he is unable to make certification. Attach the explanation(s) to this certification.

CERTIFICATION REGARDING FEDERAL LOBBYING
(Certification for Contracts, Grants, Loans, and Cooperative Agreements)

PART A. PREAMBLE

Federal legislation, Section 319 of Public Law IO1-121 generally prohibits entities from using federally appropriated funds to lobby the executive or legislative branches of the federal government. Section 319 specifically requires disclosure of certain lobbying activities. A federal government-wide rule, " New Restrictions on Lobbying", published in the Federal Register, February 26, 1990, requires certification and disclosure in specific instances.

PART B. CERTIFICATION

This certification applies only to the instant federal action for which the certification is being obtained and is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$100 ,000 for each such failure.

The undersigned certifies, to the best of his or her knowledge and belief, that:

1. No federally appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, or the extension, continuation, renewal, amendment, or modification of any federal contract, grant, loan, or cooperative agreement.
2. If any funds other than federally appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with these federally funded contract, subcontract, subgrant, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, " Disclosure Form to Report Lobbying ", in accordance with its instructions. (If needed, contact the Texas Department of Agriculture to obtain a copy of Standard Form-LLL.)

3. The undersigned shall require that the language of this certification be included in the award documents for all covered subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all covered subrecipients will certify and disclose accordingly.

Do you have or do you anticipate having covered subawards under this transaction?
