SPECIAL EDUCATION PROGRAM

1. U.I.S.D. and Webb County through the Head Start Program agree to work together toward identifying disabilities in children, developing a referral system, assessing children with disabilities, preparing an Individual Educational Plan (“IEP”) review, participating in the Admission, Review, and Dismissal Committee (“ARD”), providing individual instruction, facilitating the transition of disabled children to school at the district, and increasing public participation in the planning process. Therapists at the special education department of U.I.S.D. that will provide special services to children of the Head Start program must have current credentials.

- A. IDENTIFYING DISABILITIES IN CHILDREN

U.I.S.D. and Head Start will cooperate in identifying disabilities in children by inviting respective staff to participate in education sessions on identifying the initial signs and characteristics of disabilities in children. Parents will be kept informed.

- B. DEVELOPING A REFERRAL SYSTEM

U.I.S.D. and Head Start will cooperate in the development of a system for referrals of pre-school age children to the district. The district’s educational liaison will serve as the contact person for the district. A disability coordinator will serve as the contact person for the Head Start program.

- C. CHILD ASSESSMENT

U.I.S.D. and Head Start will coordinate to determine a child’s disabling condition, educational needs, and possible eligibility for special education services. Compliance with state and federal mandates for determining program eligibility and timelines for the delivery of services is a priority. Prior to an assessment, the educational liaison shall ensure that a parent/guardian is provided with a copy and explanation of Explanation of Procedure Safeguards at the referral committee. A representative from Head Start shall be invited to participate on the referral committee.

- D. INDIVIDUAL EDUCATIONAL PLAN
ADMISSION, REVIEW, AND DISMISSAL COMMITTEE

The Admission, Review, and Dismissal Committee (“ARD”) shall develop an Individual Educational Plan (“IEP”) for services based upon information gathered and analyzed during the assessment process. Both U.I.S.D. and Head Start staff should serve on an IEP team responsible for approval, disapproval, and the review of Individual Educational Plans for students enrolled as disabled. The IEP should indicate clearly the short-term instructional objectives and the personnel responsibilities. Based upon the necessary services and amount of time needed to provide those services, U.I.S.D. has three arrangements for dual enrollment. A copy of the ARD packet will be provided to the Head Start program. A progress report for all children will be provided to Head Start.

E. INDIVIDUAL INSTRUCTION

Students enrolled in Head Start who are found to be disabled are eligible to receive individual instruction and related services from the district's public schools on the basis of dual enrollment. The Admission, Review, and Dismissal/Individual Educational Plan Committee shall identify specific instructional arrangements. If the Admission, Review, and Dismissal/Individual Educational Plan Committee determine that individual instruction and related services are to be provided by the schools, the students shall be enrolled in the public schools in order to receive individualized instruction and/or related services.

F. CONFIDENTIALITY

Both U.I.S.D. and Head Start will observe all federal and state laws and regulations pertaining to the confidentiality of each child's records, including the Family Educational Rights and Privacy Act ("FERPA").

G. PUBLIC PARTICIPATION IN PLANNING PROCESS

U.I.S.D. will notify Head Start when applications for federal funding related to disabled students are being developed. The public shall have an opportunity to participate in this development process and the needs of Head Start students shall be considered in the plan. Written notices will be utilized to inform Head Start of application developments and of the opportunity to participate.

H. TRANSITION OF DISABLED CHILD

The Head Start program and U.I.S.D. will cooperate in facilitating the transition of disabled children to elementary school.
