The Head Start Policy Council and the Webb County Head Start/Early Head Start Program requests authorization to apply for a grant of \$10,524,168 (Federal) and \$2,631,043 (Non Federal In-Kind) for a total amount of \$13,155,211 from September 1, 2020 through August 31, 2021 for the continuation of Head Start and Early Head Start comprehensive services (Education, Health, Mental Health, Disability, Nutrition, Parent Involvement, and Family Engagement). Your favorable review of the following information required under the SPOC policy and authorization to develop and submit the grant proposal shall be appreciated.

General Information:

A. Project Title: Head Start (HS) and Early Head Start (EHS)

Project Description: The HS and EHS program promotes school readiness of children ages birth to five from low-income families by supporting their development through a comprehensive approach to service delivery which includes early childhood education, health, mental health, disability, nutrition, and parent engagement services. The program's services and resources are designed to foster stable family relationships, enhance children's physical and emotional well-being, and establish an environment to develop strong cognitive skills. The transition from preschool to elementary school imposes diverse developmental challenges that include requiring the children to engage successfully with their peers outside the family network, adjust to the space of a classroom, and meet the expectations the school setting provides.
