Webb County Purchasing Agent  
1110 Washington Street, Ste. 101  
Laredo, Texas 78040

RE: Single Source

This letter is to inform you that the Healthbot kiosk is a single source product manufactured and distributed exclusively by Healthchek Network LLC of San Antonio TX. Healthbot is the only FDA cleared health station on the market designed specifically for employee health and wellness programs.

We do not have an exclusive dealer in Texas and therefore sell Healthbot kiosks and parts directly to the end user in Texas.

Our government pricing is set at 22% below published MSRP, which Webb County qualifies for.

Sincerely,  
John Champion

A handwritten signature in black ink, appearing to read "John Champion", is written over a light grey horizontal line.
