**The ALERRT Level I Kit contains nine total cases. All items listed above are included in the kit in the quantities shown and are packaged based upon curriculum standards and training design. All cases are watertight, airtight lockable cases with exterior carry handles and wheels to facilitate easy transportation. Each kit, when used as designed, allows complete mobility in training-allowing instructors to conduct a standard ALERRT Level I class at any location with the most basic of facilities while meeting all goals and objectives as established by the ALERRT Center. Note that kits as described DO NOT include expendables which KDL Solutions defines as items used completely during the instruction of a class or during the instruction of less than twelve classes. All such expendable items must be purchased independently of equipment, these items include ammunition, flash bang simulator fuses, ear plugs, printed materials, etc.**

To whom it may concern:

KDL Solutions, LLC is a sole source provider for ALERRT training equipment based on specifications established by the ALERRT Center at Texas State University in San Marcos, Texas. These programs are recognized and adopted as national standard training for the response to mass casualty incidents by the US Department of Justice, US Department of Homeland Security and are administered throughout all levels of law enforcement, fire, emergency medicine, emergency management, emergency communications as well as throughout the branches of the United States Military.

The Level I kit is a part of the ALERRT curricula. The Level I kit:

- Case 1 - AL12C1A
- Case 2 - AL12C2A
- Case 3 - AL11C3A
- Case 4 - AL11C4A
- Case 5 - AL13C5A
- Case 6 - AL1406A
- Case 7 - AL1406A
- Case 8 - AL13S8A

If you have questions or would or like to discuss these kits in detail, please don't hesitate to call me at the number below. KDL Solutions, LLC is committed to developing products that serve.

Sincerely,

A handwritten signature in cursive script that reads 'Dean J. Bertram'.
