Subject: Single Source Letter

To Whom It May Concern:

Jenoptik Smart Mobility Solutions is the sole source provider of the VECTOR camera and TraffiData. Jenoptik manufactures the required hardware for the VECTOR camera, as well as develops the TraffiData software with no reliance on third party vendors.

The VECTOR camera is unique for the following reasons:

- All-in-one unit with no other required equipment to install
- Single camera for multiple solutions including:
 - Speed and Red light enforcement
 - Automated License Plate Reader
 - Video surveillance and live streaming
- Only camera that can monitor up to three lanes, bi-directional with video recording and live streaming capability
- Processing at the edge
- Proprietary Artificial Intelligence Engine for:
 - Superior read rates
 - Vehicle classification
- Sends actionable hotlist alert notifications in under 5 seconds

The VECTOR camera is covered by the following patent, trademarks and design-rights:

- ©QUESTEL - 02/26/2019
- Trademarks: JENOPTIK®, Traffi®, Vysionics®, Figurative Trademark 015456379
- Patent: US20180082580

The TraffiData is unique for the following reasons:

- Only software with the following analytics capability:
 - Event Analysis Report
 - Intercept Report
 - Clone Plate Report
 - IF This Then That Report
 - Convoy Report
