Re: Letter of Intent to apply for Early Head Start Child Care Cost-of-Living and Quality Improvement Grants

Dear Judge Tijerina:

In accordance with the Webb County Single Point of Contact (SPOC) Policy and Procedures – revised 3/29/17, please accept this “*Letter of Intent to Apply*” for grant funds under the Department of Health and Human Services. The Head Start Policy Council and the Webb County Head Start/Early Head Start Program requests authorization to apply for a grant of \$50,701 (Federal) and \$12,676 (Non Federal In-Kind) for a total amount of \$63,377 from September 1, 2020 through August 31, 2021 for the continuation of Early Head Start comprehensive services (Education, Health, Mental Health, Disability, Nutrition, Parent Involvement, and Family Engagement) at two local private child care centers. Your favorable review of the following information required under the SPOC policy and authorization to develop and submit the grant proposal shall be appreciated.

General Information:

A. Project Title: Early Head Start Child Care Partnership (EHS-CCP)

Project Description: The Early Head Start-Child Care Partnership (EHS-CCP) initiative brings together the best of Early Head Start and child care through layering of funding to provide comprehensive and continuous services to low-income infants, toddlers, and their families. EHS-CCP enhances developmental services and supports for low-income infants and toddlers, and their families, by providing strong relationship-based experiences and preparing them for the transition into Head Start and preschool. The EHS-CCP brings together the strengths of child care and Early Head Start programs. Early Head Start provides comprehensive family centered services within high-quality early learning environments that adhere to the research-based Head Start Program Performance Standards(HSPPS). Integrating Early Head Start comprehensive services and resources into the array of traditional child care settings creates new opportunities to improve outcomes for infants, toddlers, and their families. Child care centers providers respond to the needs of working families by offering flexible and convenient full-day and full-year services. In addition, child care providers have experience providing care that is strongly grounded in the cultural, linguistic, and social needs of the families and their local communities.
