### DESIGNATED OUTCOME QUESTIONS

1. What was the effect of the Veterans Court intervention on participants? *[Evaluator shall use pre- and post-intervention GPRA data collection to answer this question]*
2. What program/contextual factors were associated with outcomes?
3. How did the policies and procedures of the Veterans Court affect participants' success?
4. What factors in the administration of the Court's mandated interventions were associated with long-term sobriety at follow-up?
5. Which, if any, factors in the administration of the Court's mandated interventions were associated with relapse?
6. What individual factors were associated with outcomes? *[Evaluator shall use client information data, collected and captured through a global assessment, that includes many individual factors, during the intake process]*
7. How durable were the effects? *[The Evaluator shall measure the durability of effects through follow-up GPRA data that are collected at 6 months and 12 months. It is expected that most participants will complete the MET counseling sessions approximately 3 months after admission and the Matrix Model approximately 8 months after admission. This will allow the program Evaluator to assess durability at two points upon completion of the program.]*

### DESIGNATED PROCESS QUESTIONS:

8. How closely did implementation match the plan? *[Evaluator shall evaluate the program from a qualitative viewpoint. The evaluator will regularly communicate with the project director and the Webb County Veterans Treatment Team and monitor activities according to the grant application proposal's narrative, timeline and other expected measures of activities. Activities will be documented regularly to assess implementation fidelity.]*
9. What types of deviation from the plan occurred? What led to the deviations? And what effect did the deviations have on the planned intervention and performance assessment? *[If there are deviations from the fidelity of the implementation plan, the evaluator will document them and the barriers, concerns and contextual factors that required the program deviation. In addition, the evaluator will provide additional assessment of the deviation to document the effects produced by the deviation. The Evaluator shall include whether the deviation impacted processes or outcomes.]*
10. Who provided (program staff) what services (modality, type, intensity, duration) to whom.
