Re: Proposed Budget filed for FY 2017-18

Dear Judge Tijerina:

This letter should formalize my request to have employee slot no. 0870 transferred back to the General Judicial Account. This slot no. has been in the 2050 account for the last few years and seems to be working good for all judges that way. In addition, at no time did I propose or request that the said slot be transferred into department #2010. I can only surmise that it was and inadvertent error that can be very easily corrected.

If you have any question, please call me at your convenience.

Sincerely,

Jose A. Lopez
